THE COMPANY

Established in 1979 and still a family-owned company, Roper Rhodes has almost 40 years experience of creating beautiful bathrooms. Based in beautiful Bath, a city with a strong association with bathing since Roman times, perhaps our continued successful growth is no coincidence.

The business has a very strong value set too and 3% of profits are given to charity each year, via the Roper family Charitable Trust.

THE BEST OF BRITISH

While our designs draw on influences from around the world, there is always something distinctly British about a Roper Rhodes bathroom.

Perhaps it's because our design studios are based in Bath and the strong association we feel with the city. Or maybe it's because we understand the British obsession with the home.

But to be honest we feel it's something a little more elusive than that. It's the unmistakable feeling of quality and understated elegance whenever you use our products. That's what really sets Roper Rhodes apart and makes us the quintessentially British bathroom company.

OUR PEOPLE

Take nine product designers, a crack team of marketers, years of experience and thousands of original ideas. What do you get? This bathroom book – packed full of beautifully conceived and exceptionally finished bathroom products.

With Roper Rhodes, form and function sit perfectly side by side. All our products are built to last and designed to delight! And it's all thanks to the guys above it's their job (dare we say obsession?) To design bathrooms that are out of the ordinary – and that really stand the test of time

KEITH ALCOCK
Product Designer

When it comes to adding a stylish yet practical touch to your new bathroom design, choose from the Roper Rhodes furniture collection and you can be assured of hitting the mark. Our range has something for every taste and the designs incorporate a host of thoughtful features such as hidden drawers or internal lighting, integrated chrome handles and soft close drawer runners and door hinges.

Furniture

SYSTEM

Cool yet elegantly styled, System offers complete flexibility to tailor your space

SYSTEM

System is a flexible range of furniture with a wealth of possibilities; every detail can be tweaked to perfectly suit your space & style. With its softly rounded corners & smooth lines, System will turn the daily routine into a pleasurable experience. Comprising a comprehensive selection of basin unit sizes, basin types, stunning furniture finishes & handle options, this is timeless design at its best.

Coordinating mirrors will bring an extra special feel to your bathroom. Choose your handle style to further personalise your basin unit.

Soft close

Soft close drawer runners are used across the range, giving a smooth, quiet closing action and luxurious feel.

10 year guarantee

We take great pride in the workmanship of our designs, using the very best materials and manufacturing techniques. This means that all System furniture benefits from a 10 year guarantee.

5 STEPS TO YOUR PERFECT SYSTEM BATHROOM

Cool yet elegantly styled, System offers complete flexibility. With numerous configurations you can tweak your choice to perfectly match your needs. Choose your unit size, select your choice of basin & pick from an array of contemporary finishes & coordinating handles. Follow the steps below and use the next few pages as inspiration.

1. SIZE OPTIONS

Firstly assess your bathroom space and choose the basin unit size to best suit. There's wall mounted options in 500, 600, 800 or 1200mm widths, with two soft close drawers providing practical, accessible under-basin storage.

2. BASIN OPTIONS

Now select your basin preference. This will really change the overall style of your unit. Choose from a sleek full width ceramic basin, available in 600mm or 800mm widths or a modern Isocast basin which is suitable for all unit sizes.

3. FINISH OPTIONS

A choice of six contemporary finishes for System means that you can match or contrast to anything in your bathroom design. The colour palette has been chosen to give a full spectrum of on-trend neutral painted colours in matt and glossy options. There is also a modern umbra wood effect finish if you are looking for a more natural look.

4. HANDLE OPTIONS

With eight different handle styles you can add the perfect finishing touch to make your basin unit your own. Keep the whole look minimalist by using chrome drawertop handles or go for a functional front-fixed wide pull option. The matt black handle is a super stylish choice. Undrilled drawer fronts allow you to position the handles where you wish, though we think a third of the drawer height down from the top looks good.

5. OPTIONAL EXTRAS

Once you've created the centrepiece for your bathroom you will need to consider the coordinating extras which can take your design to the next level in terms of style and practicality.

Coordinating storage units

The coordinating tall, slim mirrored wall column has lots of storage space. If one is not enough, why not add a couple?

Mirrors & cabinets

The super sleek LED illuminated mirror is designed to perfectly complement the softly rounded corners of the furniture. There are also cabinets which match System finishes, some of which are recessed to give much needed in-wall storage.

SYSTEM: CERAMIC BASINS

Ceramic basins offer a classic feel which is easy to maintain. Softly rounded edges beautifully complement the furniture & provide generous wash space. Available in 600mm & 800mm widths, the ceramic basin has a practical integrated overflow.

**800MM UMBRA BASIN UNIT
& CERAMIC BASIN**

SYSTEM: ISOCAST BASINS

If it's an ultra-modern look you aspire to, System Isocast basins with their smooth, sleek lines & perfectly rounded corners are the ideal choice. Available in 500, 600, 800 & 1200mm widths, these basins offer a contemporary & practical option. For a real statement, why not opt for the 1200mm 'his & hers' double basin if your room is big enough?

Create a 'his & hers' bathroom

SYSTEM: MIRRORS & CABINETS

With its curved good looks, System’s LED illuminated, light temperature changing mirror has been designed to perfectly complement System furniture & comes in a choice of three sizes to suit. Alternatively, add some extra storage with one of the coordinating mirrored cabinet styles available to match System finishes.

Bring your bathroom to life & create the perfect atmosphere with the System mirror. The clever dimmable infrared sensor also enables you to adjust the light temperature from a cool daylight white, through natural white, to warm white to suit your mood and the time of day. The heated demister pad will also keep the mirror clear, even in the steamiest of bathrooms.

Colour matched recessed cabinets give much needed in-wall storage while giving a sense of space in the bathroom. There are two depths to suit, depending on the space you need and the construction of your wall; 75mm depth to fit within a 3 inch stud wall or 120mm depth, specifically for use in built-out walls.

LED illuminated single and double door mirrored cabinets are also available to match System finishes. Why not also add the coordinating tall, slim mirrored wall column for plenty of useful extra storage space.

SCHEME

Contemporary tailored furniture. Tweak every detail to suit your space & style.

SCHEME

Designed by us. Tailored by you. Our Scheme modular furniture has great depth within the range, with something to suit every taste. Comprising a comprehensive selection of basin unit sizes, basins types, stunning furniture finishes & handle options, you can tweak every detail to perfectly suit your space & personal sense of style.

An array of clever additions from sleek internal lighting to coordinating mirrors and recessed cabinets will bring an extra special, ultra modern feel to your bathroom.

Internal storage

Built-in drawer dividers in all units will help keep everything in its rightful place. Adding the optional beech storage boxes will ensure that all your bathroom bits and bobs have a home.

Soft close

Soft close drawer runners and door hinges are used across the range, giving a smooth, quiet closing action and luxurious feel.

Lighting

For a real style statement create mood or night lighting by adding the optional lighting kit. This will give a blade of light along the top and bottom edges of the drawers as well as lighting up the top drawer to help you find what you need. Contemporary styling with a practical twist.

10 year guarantee

We take great pride in the workmanship of our designs, using the very best materials and manufacturing techniques. This mean that all Scheme furniture benefits from a 10 year guarantee.

SCHEME ILLUMINATED MIRROR

WALL MOUNTED BASIN MIXER

800MM UMBRA BASIN UNIT & STAGE VESSEL BASIN

5 STEPS TO YOUR PERFECT SCHEME BATHROOM

Stylish, contemporary & with so many potential configurations, you can tailor your choice to fit your needs exactly. Choose your unit size, create a style statement by selecting from different basin options, an array of on trend finishes & coordinating handles, then follow the steps below & use the next few pages as inspiration. Complete your Scheme bathroom with a choice of optional extras.

1. SIZE OPTIONS

Firstly assess your bathroom space and choose the basin unit size to best suit. There's a classic freestanding 600mm two door unit or wall mounted options in 500, 600, 800, 1000 or 1200mm widths, with two soft close drawers providing practical, accessible under basin storage.

2. BASIN OPTIONS

Now select your basin preference. This will really change the overall style of your unit. Choose from a sleek full width ceramic basin, a modern Isocast basin with practical workspace on either side or one of three vessel basin designs. Lots of examples are shown over the following pages (pages 34-39).

3. FINISH OPTIONS

A choice of no less than six finishes for Scheme means that you can match or contrast to anything in your bathroom design. The colour palette has been chosen to give a full spectrum of contemporary neutral painted colours in matt and glossy options. There is also a modern umbra finish if you are looking for a more natural look.

4. HANDLE OPTIONS

With eight different handle styles you can add the perfect finishing touch to make your basin unit your own. Keep the whole look minimalist by using chrome drawertop handles or go for a functional front-fixed wide pull option. The matt black handle is a super stylish choice. Undrilled drawer fronts allow you to position the handles where you wish, though we think a third of the drawer height down from the top looks good.

5. OPTIONAL EXTRAS

Once you've created the centrepiece for your bathroom you will then need to consider the optional extras which can take your design to the next level in terms of style and practicality. With Scheme it is easy to complete your new bathroom and create an individual look.

Cabinet lighting with hidden switch

The lighting kit gives a blade of light along the top and bottom drawer edges for mood or night lighting. It also lights up the top drawer to help you find what you need. It's easy to use, operated by simply touching the side of the unit where the on/off sensor is invisibly installed. (Wall mounted basin units only).

Mirrors & cabinets

The super sleek Scheme mirror is designed to perfectly complement the furniture. The LED lighting creates a stunning effect when used together with the cabinet lighting kit. There are also cabinets which match Scheme finishes, some of which are recessed to give much needed in-wall storage.

Coordinating storage units

The tall, slim Scheme wall column has lots of storage space. If one is not enough they look really effective when used in multiples of two or even three, so why not add a few to your layout?

Drawer boxes

Declutter your life by adding the Scheme storage boxes to your drawers. Incredibly useful, their beech finish looks great against the matt dark grey internal drawer colour. The two box set comes complete with two lids and they fit perfectly into the drawer space.

SCHEME: CERAMIC BASINS

Your choice of basin is key to the look of your basin unit & a ceramic offers that truly classic feel. Scheme full width ceramic basins take advantage of modern ceramic production techniques, offering striking flared designs with elegant fine edges & generous wash space. Contemporary styling in a range of sizes, with practical design features such as integrated overflows make Scheme ceramic basins a great choice.

SCHEME: ISOCAST BASINS

Isocast basins allow for the creation of perfectly straight fine lines & modern flowing basins, inspired by the high end styling of premium hotels. Practical flat sides on the 800 & 1000mm basins give useful extra surface space in the bathroom. If your room is big enough why not enhance your bathroom experience by choosing the 1200mm 'his & hers' double basin.

SCHEME: MIRRORS & CABINETS

Bring your bathroom to life with the super sleek Scheme mirror. Designed to perfectly complement Scheme furniture, it comes in a range of sizes to suit. Alternatively, add some extra storage with one of the coordinating mirrored cabinet styles available to match Scheme finishes.

The stylishly slim LED lighting of the Scheme mirror will create a stunning effect when used together with the basin unit and lighting kit, perfectly matching the thin light detailing. The heated demister pad will also keep the mirror clear, even in the steamiest of bathrooms.

Scheme colour matched recessed cabinets, available in two depths, give much needed in-wall storage while giving a sense of space in your bathroom. There are two depths to suit, depending on the space you need and construction of your wall; 75mm depth to fit within a 3 inch stud wall or 120mm depth, specifically for use in built-out walls.

LED illuminated single and double door mirrored cabinets are also available to match Scheme finishes. Why not also add the coordinating tall, slim mirrored wall column for plenty of useful extra storage space.

800MM LIGHTING KIT

SCHEME: STORAGE

We are all aware how much paraphernalia seems to accumulate in our bathrooms, so make sure you consider adding extra storage. Scheme has a few useful features & optional extras which will help.

The coordinating Scheme mirrored wall column unit is tall and slim with plenty of useful storage space. If one is not enough they look really effective when used in multiples of two (as in the picture below) or even more.

All Scheme basin units have practical drawer dividers, but to help keep them even tidier use the extra internal storage boxes with lids to keep your bathroom bits and bobs safe (or private!). The beech finish looks great against the matt dark grey interiors of the drawers and the boxes have been designed to sit perfectly inside.

HAMPTON

*Handbuilt & finished for a
timeless feel*

HAMPTON

Traditional cabinetry techniques combine with hand painted finishes to give a truly classic feel. Hampton features 5 piece doors with tongue & groove feature side panels. Perfect for creating a stunning & sophisticated look for the bathroom.

The Hampton range is a classic design that blends the beautiful quality of craftsmanship with shaker lines and a muted palette. The deep hues of pewter and slate grey are perfect for creating a dramatic bathroom, or opt for mocha, chalk white or vanilla for a subtle and relaxing vibe.

Elements from the Hampton range can be used as standalone pieces, or alternatively fitted together with the help of worktops and plinths to achieve a fitted look. Underslung basin units really add to the period drama, especially when used together to create a statement 1200mm double basin unit. Or opt for a 700mm wall mounted basin unit to offer a stylish twist to the classic look. Flexibility is key with the Hampton range as there is something to suit even the smallest room with the compact cloakroom unit to the bestselling 600mm unit.

It has a timeless feel that suits any style, making it perfect for country living, urban life or anything in between.

700MM WALL MOUNTED UNIT
WITH CERAMIC BASIN
A luxurious statement piece
with a generous ceramic basin
shown here in slate grey

HAMPTON

Complete your Hampton bathroom with one of the coordinating mirrors, now including an illuminated option and a 1200mm mirror with demister pad, making steamy glass a thing of the past.

The wall cabinet and 400mm storage unit offers much needed and useful storage space. Matching bath panels are also available.

Personalise and transform the entire look of your Hampton bathroom by choosing one of the alternative handles. From the period faceted glass knob to the more purist shaker chrome knob, there is something to suit every taste.

Hampton furniture benefits from a 10 year guarantee.

PURSUIT

*A versatile range in contemporary finishes
to add a designer edge to your bathroom*

PURSUIT

The contemporary textured finishes lend it a truly sophisticated edge, choose from alpine or charcoal elm or opt for smooth gloss white or the gloss light grey. Pursuit is extremely flexible too – choose the 600mm or 900mm basin unit or use two 600mm units side by side, united by a long solid surface worktop to create a luxurious statement piece.

The spacious drawers have beech internals, soft close drawer runners and are finished with a sleek integrated chrome handle. You could also add the optional floating beech storage boxes to help keep all your bathroom bits and bobs together inside the drawer.

Top your unit with one of the two ceramic or three solid surface vessel basin options, depending on which style takes your fancy. A coordinating wall column unit, with its seamless chrome handle, gives you even more storage space and a useful mirror to boot.

Pursuit furniture benefits from a 10 year guarantee.

DIVERGE

*Move away from the norm & choose
our Diverge bathroom furniture*

DIVERGE

Freestanding or wall mounted, with either an integrated ceramic basin or a choice of modern vessel basins. There are so many options available in a contemporary muted palette to select from to suit your style and space.

The floorstanding units are available in 600mm, 800mm and 1000mm widths – all of which have a useful drawer as well as roomy cupboard storage and a sleek ceramic basin with generous wash area.

The wall mounted basin unit comes in either 800 or 1000mm widths and can also be used with the ceramic basin or if you wish for an up-to-the-minute look, you can plump for a solid surface worktop and any one of our five designs of vessel basin.

Using the drawers is a pleasure, thanks to the hidden handle and smooth soft close action. Naturally all doors have soft close hinges too. If you need extra storage space add the very smart coordinating mirror-fronted wall column unit.

With a choice of two contemporary gloss finishes in white and light grey, or the option of two textured finishes in apline or charcoal elm, to keep Diverge on-trend.

Diverge furniture benefits from a 10 year guarantee.

SERIF

Undulating curves give a naturally sophisticated appeal

SERIF

Add some classy curves to your bathroom with Serif. Available in a variety of wall mounted options including a compact 600mm basin unit, a left or right handed 900mm unit & a stunning 1200mm unit.

Drawers have soft close, low profile white drawer runners for a smooth, quiet action. Custom-made, polished stainless steel, profile matching drawer handles add the perfect finishing touch.

The bespoke integral Isocast basin top completes the look seamlessly, with a thin front profile and generous wash area. The large sizes have practical flat edges for your bathroom products.

Available in gloss clay, light grey, white and light elm finishes, Serif furniture benefits from a 10 year guarantee.

CIRRUS

*Curves & straight lines combine
to great effect*

CIRRUS

With its sleek lines & ultramodern curves Cirrus brings designer style to your bathroom. The slim Isocast basin complements the sweeping curved unit which comes in a right or left handed option to suit your space.

Cirrus is available in 3 finishes, gloss white, gloss dark clay and fineline grey (real wood veneer). All units come left or right handed with a flat end panel which can be fitted into a corner wall if desired.

The sweeping Isocast basin follows the curved profile of the unit, with bespoke chrome plated handles to complement the styling. There's plenty of storage with a wide deep drawer and the distinctive curved cupboard on the end, which contains all the plumbing, freeing up the entire drawer allowing space for your bathroom products.

Cirrus furniture comes with a 10 year guarantee.

CYPHER

*Give your bathroom a sharp
contemporary edge*

CYPHER

The square lines & slim depth of the Cypher range give it a distinctly up-to-date style, accentuated by slim, elegantly understated chrome handles.

The doors have soft close, fully adjustable hinges and the drawers have soft close, low profile white drawer runners for a super-smooth, quiet action. Drawer units also feature a highly useful secondary internal drawer for all those bathroom bits and bobs. Cypher's Isocast basin complements the basin unit perfectly.

Cypher is available in gloss white and light and dark elm finishes and comes in wall mounted or freestanding options.

Cypher furniture benefits from a 10 year guarantee.

ISOCAST BASINS

All of our Isocast basins are manufactured using a calcium carbonate mineral substrate. This is then topped with a tough, resilient gelcoat to give a glossy finish which is both durable and easy to clean.

Using these materials allows us to create basins with precisely defined surfaces and edges which are not only practical but also complement our modern bathroom designs perfectly.

VISTA

Edgy, sleek & pared down to perfection

VISTA

Vista has a definite urban feel, with a choice of three contemporary finishes

Freestanding and wall mounted units are available in a variety of size options and are finished with a coordinating Isocast basin. All units incorporate clever internal lighting, which turns on automatically as the main drawer is opened.

The soft tones of light and dark elm finish fronts are offset perfectly by their white or taupe painted frames, also available in gloss white. Super smooth low profile drawer runners have been incorporated, whilst the long, slim chrome handles completes this understated look.

Vista furniture benefits from a 10 year guarantee.

VALENCIA

Elegant timeless appeal

VALENCIA

Subtle curves in all the right places & a stunning high gloss white finish give Valencia an elegant, timeless appeal.

Versatility? It's Valencia's middle name. Choose from a selection of base unit sizes, then use each element on its own or create a sleek, fitted installation to cleverly hide unsightly pipes. Either way, for a soft, uncluttered look that's easy on the eye, Valencia is well worth a visit. A coordinating floor cupboard and tall storage unit are also available.

Valencia furniture benefits from a 10 year guarantee.

Right

CLOAKROOM

*Compact yet functional we prove
that small can be beautiful*

ESTA

Small but perfectly formed, we've a lot to say about the smallest basin unit in our furniture collection.

Esta is packed full of charm and practicality. Available as a freestanding or wall mounted unit, in no fewer than nine contemporary finishes, this piece is perfect for an ensuite or cloakroom.

This simple, unfussy unit incorporates a single wooden shelf. It features a door which can be hung to open from the left or right and a slim chrome handle which can be mounted either vertically or horizontally.

Esta furniture benefits from a 10 year guarantee.

Top Right
Esta basin unit in dark elm

Bottom Right
Esta wall mounted basin unit in gloss white

Left
Esta basin in gloss dark clay with ceramic basin

ULTRA SLIM MIRROR
Can be attached to painted walls or tiled in for a flush fitting finish

MINI BASIN MIXERS
Complete the look with a mini basin mixer.

CERAMIC BASIN
Esta's ceramic basin features a single tap hole and surprisingly generous wash area

BASIN UNIT OPTIONS
The Esta range is available in both freestanding and wall mounted formats, and comes in a variety of stylish finishes

MIA

The Mia basin unit extends our extremely popular cloakroom furniture collection. This compact, yet highly functional freestanding basin unit has a variety of features which make it perfect for the smallest room in the house.

A reversible door, with soft close hinges, means it will easily fit in where needed. The framed inset door panel and concave plinth add to the aesthetic appeal, with an elegant chrome plated handle giving an extra stylish touch. An offset ceramic basin cleverly maximises available hand wash area.

Mia is available in gloss white and light and dark elm finishes and benefits from a 10 year guarantee.

Mia's offset basin maximises wash space

CERAMIC BASIN
Mia's offset ceramic basin features a single tap hole and surprisingly generous wash area

FLEXIBILITY
A reversible door, with soft close quick release hinges, means it will easily fit in where needed

HAMPTON

Traditional cabinetry techniques combine with hand painted finishes give a truly classic feel so you can create a timeless look for the cloakroom.

Bring the opulence of classic design into your smallest room with this compact cloakroom unit. Hampton features 5 piece doors with tongue and groove feature side panels and comes complete with an elegant chrome handle. The door can be hung to open from the left or right.

Hampton furniture benefits from a 10 year guarantee.

ROB SHEAN
Product Designer

Add a little European flair to your new bathroom by choosing from our sanitaryware collection. Our stylish contemporary ranges have true designer appeal & incorporate wall hung basins in a variety of sizes with coordinating wall hung, back to wall & close coupled WC options. Manufactured using only the finest raw materials including English china clay.

Sanitaryware

ACCENT

The modern design of the Accent basin looks great when wall mounted with a semi pedestal or chrome bottle trap or used on a countertop. The basin is available in three widths, as well as semi-countertop versions for use with bathroom furniture, and the design provides a deep, practical wash space. Complement with the WC version of your choice & a soft close, quick release seat.

COVER

This sanitaryware range, with its smooth curved design & thin edges, offers generous washing space even on the slim depth semi-countertop option. A choice of three WCs includes a very stylish back to wall version, the perfect choice for fitted furniture, or opt for the wall hung or close coupled WC for a more stand-alone look.

NOTE

The Note basin comes in 4 sizes, to be countertop-mounted or wall hung with a semi pedestal or chrome bottle trap. A semi-countertop basin option allows use with bathroom furniture. The versatile range of short projection WCs have soft close, quick release seats.

HARROW

This collection has more than a nod to the past, being both classically styled & elegant. It looks great with our Burford range for a true period feel. With generous proportions, the basin is available with one or two tap holes & coordinates perfectly with the back to wall WC pan.

SENSOR FLUSHING

Sensor Dual Flush Plate

210(w) x 137mm(h)
Black TR9016
*Available Spring 2018

Go for an ultra-contemporary option with our sleek, black glass-fronted sensor dual flush plate. The lightest touch on the plate is all that is required to initiate the flush, and the plate lights up to indicate activation.

The sensor plate is best for use on Roper Rhodes wall hung WC frames or the in-wall concealed cistern, and requires 4 AA batteries which will last around a year under normal domestic conditions. The plate allows easy access to change the batteries when required and has a manual override.

Contactless Dual Flush Sensor

Use with concealed cisterns
Sensor kit TR9014

The contactless flush sensor kit is compatible with pneumatic concealed cisterns from Roper Rhodes, and is best used within furniture. It provides a touchless flush, with just a wave of a hand.

The Sensor works using capacitive sensor technology to detect a change in the electromagnetic field. A short wave of the hand in front of the sensor activates the reduced flush, whilst holding your hand up slightly longer triggers a full flush. It is powered by 4 AA batteries which will last around a year under normal domestic conditions.

The sensor can be mounted behind a back to wall WC unit fascia, or under a worktop or tiled wall near the cistern. A discreet black decal is included to indicate sensor location if desired.

WALL HUNG WC FRAMES & CONCEALED CISTERNS

1.17m wall hung WC frame

6/3 litres
500(w) x 1168(h) x 140 - 200mm(d)
1.17m frame TR9006

Use for in-wall applications, includes fittings, requires flush plate/button, or contactless sensor (available separately). 200mm height adjustment.

1.0m wall hung WC frame

6/3 litres
500(w) x 1000(h) x 167 - 215mm(d)
1.0m frame TR9015

Ideal for boxed in applications, especially under windows. Requires flush plate/button, or contactless sensor (available separately). 200mm height adjustment.

0.82m wall hung WC frame

6/3 litres
500(w) x 820(h) x 167 - 215mm(d)
0.82m frame TR9005
Furniture Adaptor Kit TR9007

Can be used with 600mm and wider furniture WC units. Use with Furniture Adaptor Kit, requires flush plate/button, or contactless sensor (available separately). 200mm height adjustment.

0.4m WC/bidet frame

400(w) x 400(h) x 170 - 335mm(d)
0.4m frame TR9018

Compact half height WC frame suitable for use in narrow back to wall units including 500mm wide. For use with Torrent, Cascade or comfort height cisterns. Can also be used for bidets. 200mm height adjustment.

In-Wall cistern

6/3 litres
600(w) x 745 max(h) x 138 -194mm(d)
Cistern TR9009

Ideal for tiled in applications. All parts serviceable through flush plate aperture.

Internal isolation valve, 150mm height adjustment. Top or front flush plate mounting. 1/2 BSP. Requires flush plate/button, or contactless sensor (available separately).

Comfort height cistern

6/3 litres
437(w) x 324(h) x 165mm(d)
With chrome flush button TR9008

Developed specifically to allow comfort height back to wall pans to be used in 820mm high furniture.

Bottom entry inlet valve. Top or front flush plate mounting. 1/2 BSP PS insulation jacket. Pneumatic flush valve.

Torrent concealed dual flush cistern bottom inlet

6/3 litres
434(w) x 365(h) x 140mm(d)
With chrome flush button TR9001

Bottom entry inlet valve. Top or front flush plate mounting. 1/2 BSP PS insulation jacket. Pneumatic flush valve.

Cascade concealed dual flush cistern side inlet

6/3 litres
434(w) x 365(h) x 140mm(d)
With chrome flush button TR9002

Side entry bottom entry inlet valve. Top or front flush plate mounting. 1/2 BSP PS insulation jacket. Pneumatic flush valve.

JOE STEPHENS
Product Designer

Go with the flow & add the perfect finishing touch to your bathroom with a Roper Rhodes tap. From designs which make a real style statement to those with a more minimal look there is something to suit every basin.

When it comes to showering go for one of our popular ready-to-go shower systems or create your own bespoke shower experience. Select a thermostatic shower valve & your choice of fixed head & handset. You could even use it to control the flow to your bath too, filling it at the perfect temperature.

Taps & showers

TAPS

Our tap collection covers all bases from contemporary statement basin mixers which make a real impact, to something to suit the bathroom with a more period feel. Many ranges include a manual mixer valve, which when used with a bath filler or spout is the modern way to fill your bath. Coordinating shower systems or thermostatic valves will keep your bathroom design cohesive.

TAP FEATURES

Roper Rhodes leads the way with technological innovation and engineering advances. Most taps are designed for the low pressure systems often found in UK households, all contain top quality components and are tested to the most stringent standards.

There are many features to choose from, use the icons to help you choose the right one for you.

<div>LP¹</div> <div>LOW PRESSURE 1</div> <div>Suitable for all plumbing systems including conventional gravity fed ones with a minimum 0.1bar pressure* and above.</div>	<div>LP²</div> <div>LOW PRESSURE 2</div> <div>Suitable for all plumbing systems including conventional gravity fed ones with a minimum 0.2bar pressure* and above.</div>	<div>MP</div> <div>MEDIUM PRESSURE</div> <div>Suitable for all plumbing systems including conventional gravity fed or modern pressurised ones with a minimum 0.5bar pressure* and above.</div>	<div>HP</div> <div>HIGH PRESSURE</div> <div>Require a minimum pressure of 1.0bar or above and are more suitable for modern pressurised plumbing systems.</div>	<div></div> <div>LEVER ACTION</div> <div>The single lever action makes it extremely easy and practical to use.</div>	<div></div> <div>SWIVEL AERATOR</div> <div>Allows the position of the running water to be moved</div>
<div></div> <div>SWIVEL SPOUT</div> <div>Allows spout to be moved from side to side.</div>	<div></div> <div>CERAMIC TECHNOLOGY</div> <div>A smooth, easy to use action giving accurate flow control.</div>	<div></div> <div>QUARTER TURN CERAMIC TECHNOLOGY</div> <div>Quarter turn taps only require a 90° turn of the handle to move from fully open to closed.</div>	<div></div> <div>TEMPERATURE CONTROL</div> <div>Designed to control the temperature of mixed water by restricting handle movement to avoid risk of scalding.</div>	<div></div> <div>FLOW RATE ADJUSTMENT</div> <div>A water saving feature allowing flow rates to be adjusted, allowing the maximum flow to be reduced by up to 25%.</div>	<div></div> <div>UNDER SPOUT DIVERTER</div> <div>Located underneath the spout, turn to divert the water flow to use the shower or fill the bath. Easier to clean.</div>
<div>10</div> <div>TEN YEAR GUARANTEE</div> <div>All taps come with a ten year guarantee.</div>	<div>ECO¹</div> <div>ECO 1</div> <div>Compatible with our optional water and energy saving shower flow regulators.</div>	<div>ECO²</div> <div>ECO 2</div> <div>Compatible with our optional water and energy saving basin tap flow regulators.</div>	<div>ECO³</div> <div>ECO 3</div> <div>Compatible with our optional water and energy saving basin mixer flow regulators.</div>		

*Bar pressure is a unit of measurement for pressure. 0.1 bar is equal to a metre head of water. In plumbing terms this means that for a gravity fed system, if the base height of your water tank is 1m above a tap, then you will have 0.1bar of pressure at the tap.

TAP & SHOWER FLOW REGULATORS

Our range of optional regulators and aerators are an easy, cost effective way to help save water in the bathroom. These add-on products can be used with selected Roper Rhodes showers and taps to reduce your water consumption and so help save money too.

ECO1 SHOWER FLOW REGULATOR

Suitable for showers and bath shower mixers displaying **ECO¹**

6 LITRES/MIN SHOWER FLOW REGULATOR FR01	8 LITRES/MIN SHOWER FLOW REGULATOR FR02	10 LITRES/MIN SHOWER FLOW REGULATOR FR03
---	---	--

- Mount between the valve and hose for shower valves with handsets or on your bath shower mixer
- Mount between head and arm on your fixed showerhead
- Please note: we do not recommend the use of regulators with bath taps or fillers as you will want your bath to fill as quickly as possible

ECO2 BASIN TAP FLOW REGULATOR

Suitable for pairs of taps displaying **ECO²**

3 LITRES/MIN BASIN TAP FLOW REGULATOR Recommended for commercial use only FR07	5 LITRES/MIN BASIN TAP FLOW REGULATOR Recommended for commercial use only FR08	7 LITRES/MIN BASIN TAP FLOW REGULATOR Recommended for household use only FR09
---	---	--

- Install into the inlet of the tap
- One required for each tap, therefore please purchase in pairs
- Available in a range of flow ratings

ECO3 BASIN MIXER TAP FLOW AERATOR

Suitable for taps displaying **ECO³**

1.7 LITRES/MIN BASIN MIXER FLOW AERATOR Recommended for commercial use only FR04	3.5 LITRES/MIN BASIN MIXER FLOW AERATOR Recommended for household or commercial use FR05	5 LITRES / MIN BASIN MIXER FLOW AERATOR Recommended for household use only FR06
---	---	--

- Produces aerated water flow
- Simple to install into the aerator housing of a basin mixer
- Available in a range of flow ratings

BATH FILLER OPTIONS

If you want to go for a contemporary look and like the idea of keeping the rim of your bath clean and clear then you could opt to fill your bath using a manual mixer valve

There are lots of designs which complement our basin mixers, so choose one to use in combination with a wall mounted bath spout or Smartflow bath filler. A diverter mixer valve will give the additional option of having a bath mounted shower handset, great for rinsing hair or cleaning the bath.

SMARTFLOW BATH FILLERS

Mounted on the inside of the bath, the Smartflow acts as a combined filler and overflow and comes with a click waste. It can be used with a manual mixer valve as a simple bath filler, or connect it to a diverter valve to control both bath and shower outlets.

SHOWERS

Our shower collection covers everything that you could be looking for. Either keep life simple & go a complete, ready to install shower system or choose a thermostatic valve & build your own bespoke shower experience. Choose your shower components from a wide choice of styles from ceiling mounted fixed shower heads to slider rails and handsets, then maybe even add a bath filling solution too.

For those who like to keep their bathroom design streamlined, many shower systems and valves have coordinating basin mixers.

SHOWERS FEATURES

Our showers not only look great, they are designed with safety in mind and built to the highest quality standards. There are added features too, such as Air-drive handsets which create a water-saving aerated bubble spray whilst enhancing your shower experience. Look out for the features below.

TMV2 - THE SAFE CHOICE

TMV stands for thermostatic valves which are a safeguard against accidental scalding. You can be assured that your Roper Rhodes valve has been engineered to the highest manufacturing standards and certified by the TMV2 scheme for domestic showers or tested to an equivalent standard.

WRAS

Relevant products have been tested rigorously by the WRC (Water Regulatory Council) and comply with the Water Regulations Advisory Scheme. The extensive approvals process ensures that all our showers use safe, mechanically tested materials.

ECO 1

Showers and accessories with this symbol are compatible with our optional water and energy saving shower flow regulators. See page 189 for further details.

AIR-DRIVE

Air-drive handsets create an aerated bubble spray which uses less water without compromising your shower experience.

LED

Our LED fixed shower head features water temperature indicators that create a light effect. Powered by kinetic energy generated from the running water, there's no need for complicated electrical wiring.

TEN YEAR GUARANTEE

Such is our confidence in the quality of our shower valves we offer a 10 year guarantee.

TECHNICAL INFORMATION

For further technical information on all Roper Rhodes shower products, including fitting instructions, aftercare documents and additional features and benefits, visit roperrhodes.co.uk

EVENT

Event is our go-to shower range. Great value for money & with so many shower system options. Each comes in choice of either round or square design, depending on which best suits your bathroom style.

Event round dual function shower system with stainless steel fixed shower head

SVSET42

Event round single function shower system

- Single function thermostatic shower valve
- Wave adjustable riser rail
- Single function shower handset
- Brass shower hose, wall elbow & valve cover plate

Minimum pressure 0.1bar

SVSET20

ECO¹

Event round dual function shower system with fixed shower head

- Dual function thermostatic diverter shower valve
- 460mm length adjustable fixed arm
- 220mm single function shower head
- Wave adjustable riser rail
- Single function shower handset
- Brass shower hose, wall elbow & valve cover plate

Minimum pressure 0.5bar

SVSET01

ECO¹

Event round dual function shower system with stainless steel fixed shower head

- Dual function thermostatic diverter shower valve
- 460mm length adjustable fixed arm
- 250mm stainless steel shower head
- Wave adjustable riser rail
- Single function shower handset
- Brass shower hose, wall elbow & valve cover plate

Minimum pressure 0.5bar

SVSET42

ECO¹

Event round dual function shower system with bath filler

- Dual function thermostatic diverter shower valve
- Single function shower handset
- Brass shower hose
- Wall elbow & valve cover plate
- Smartflow bath filler

Minimum pressure 0.5bar

SVSET21

ECO¹

Event round triple function shower system

- Triple function thermostatic diverter shower valve
- 460mm length adjustable fixed arm
- 220mm single function shower head
- Wave adjustable riser rail
- Single function shower handset
- Brass shower hose, wall elbow & valve cover plate
- Smartflow bath filler

Minimum pressure 1.0bar

SVSET22

ECO¹

SHOWER VALVES

All Roper Rhodes concealed shower valves have been designed so they can be mounted horizontally or vertically, to suit your bathroom.

Event round single function shower system

- Thermostatic shower valve
- Surface mounted bar valve quick fixing kit
- Riser rail
- Air-drive 5 function shower handset
- Easy clean PVC shower hose

Minimum pressure 0.5bar

SVSET32

Event round dual function diverter shower system

- Thermostatic diverter shower valve
- Surface mounted bar valve quick fixing kit
- Height adjustable rigid riser rail
- 220mm shower head
- Air-drive single function shower handset
- Easy clean PVC shower hose

Minimum pressure 1.0bar

SVSET30

Thermostatic round single function valve

120(w) x 215(h) x 136mm(d)
Chrome finish
Minimum pressure 0.1bar

SV1404

Thermostatic round dual function diverter valve

120(w) x 215(h) x 136mm(d)
Chrome finish
Minimum pressure 0.3bar

SV1406

Thermostatic round triple function diverter valve

120(w) x 280(h) x 136mm(d)
Chrome finish
Minimum pressure 1.0bar

SV1409

THERMOSTATIC VALVE FEATURES

- Easy to use separate flow and temperature control
- Automatic shut down if cold water pressure should suddenly fail
- Precise thermostatic control
- Resistance to limescale build up
- Chrome plated brass cover plate

Event square single function shower system

- Single function thermostatic shower valve
- Brass riser rail
- Single function shower handset
- Brass shower hose, wall elbow & valve cover plate

Minimum pressure 0.1bar

SVSET16

Event square dual function shower system with fixed shower head

- Dual function thermostatic diverter shower valve
- 415mm fixed arm
- 200mm shower head
- Brass riser rail
- Single function shower handset
- Brass shower hose, wall elbow & valve cover plate

Minimum pressure 0.5bar

SVSET17

Event square dual function shower system with bath filler

- Dual function thermostatic diverter shower valve
- Brass riser rail
- Single function shower handset
- Brass shower hose, wall elbow & valve cover plate
- Smartflow bath filler

Minimum pressure 0.5bar

SVSET18

Event square dual function shower system with stainless steel fixed shower head

- Dual function thermostatic diverter shower valve
- 415mm fixed arm
- 250mm stainless steel shower head
- Brass riser rail
- Single function shower handset
- Brass shower hose, wall elbow & valve cover plate

Minimum pressure 0.5bar

SVSET41

Event square triple function shower system

- Triple function thermostatic diverter shower valve
- 415mm fixed arm
- 200mm shower head
- Brass riser rail
- Single function shower handset
- Brass shower hose, wall elbow & valve cover plate
- Smartflow bath filler

Minimum pressure 1.0bar

SVSET19

Event square dual function diverter shower system

- Thermostatic diverter shower valve
- Surface mounted bar valve quick fixing kit
- Height adjustable rigid riser rail
- 220mm shower head
- Air-drive single function shower handset
- Easy clean PVC shower hose

Minimum pressure 1.0bar

SVSET31

Thermostatic square single function valve

120(w) x 215(h) x 136mm(d)
Chrome finish
Minimum pressure 0.1bar

SV2104

Thermostatic square dual function diverter valve

120(w) x 215(h) x 136mm(d)
Chrome finish
Minimum pressure 0.3bar

SV2106

Thermostatic square triple function diverter valve

120(w) x 280(h) x 136mm(d)
Chrome finish
Minimum pressure 1.0bar

SV2109

THERMOSTATIC VALVE FEATURES

- Easy to use separate flow and temperature control
- Automatic shut down if cold water pressure should suddenly fail
- Precise thermostatic control
- Resistance to limescale build up
- Chrome plated brass cover plate

SHOWER VALVES

All Roper Rhodes concealed shower valves have been designed so they can be mounted horizontally or vertically, to suit your bathroom.

Event square dual function shower system with stainless steel fixed shower head

SVSET41

Hydra dual function shower system
SVSET47

- Hydra dual function shower system**
- Dual function thermostatic shower valve
 - 415mm fixed arm
 - 250mm stainless steel shower head
 - Brass riser rail
 - Air-drive single function shower handset
 - Easy clean PVC shower hose
 - Brass wall elbow & valve cover plate
- Minimum pressure 1.0bar

SVSET47

- Thermostatic single function valve**
- 120(w) x 210(h) x 140mm(d)
Chrome finish

Minimum pressure 0.1bar

SV1504

- Thermostatic dual function valve**
- 120(w) x 280(h) x 140mm(d)
Chrome finish

Minimum pressure 0.5bar

SV1505

THERMOSTATIC VALVE FEATURES

- Easy to use separate flow and temperature control
- Automatic shut down if cold water pressure should suddenly fail
- Precise thermostatic control
- Resistance to limescale build up
- Chrome plated brass cover plate

SHOWER VALVES

All Roper Rhodes concealed shower valves have been designed so they can be mounted horizontally or vertically, to suit your bathroom.

Factor dual function shower system
SVSET44

Factor dual function shower system

- Dual function thermostatic shower valve
- 300mm stainless steel ceiling mounted shower head
- Rectangular brass riser rail
- Air-drive single function shower handset
- Easy clean PVC shower hose
- Brass wall elbow & valve coverplate

Minimum pressure 1.0bar

SVSET44

Factor single function shower system

- Thermostatic shower valve
- Surface mounted bar valve quick fixing kit
- Brass riser rail
- Single function shower handset
- Brass shower hose

Minimum pressure 0.2bar

SVSET09

Factor dual function shower system

- Thermostatic shower valve
- Surface mounted bar valve quick fixing kit
- Height adjustable rigid riser rail with diverter
- 250mm shower head
- Air-drive single function shower handset
- Easy clean PVC shower hose

Minimum pressure 1.0bar

SVSET40

Factor dual function shower system with accessory shelf

- Thermostatic shower valve featuring a useful brass accessory shelf for your bathroom products
- Surface mounted bar valve quick fixing kit
- Height adjustable rigid riser rail with diverter
- 250mm shower head
- Air-drive single function shower handset
- Easy clean PVC shower hose

Minimum pressure 1.0bar

SVSET36

Factor dual function shower system

- Thermostatic shower valve
- Surface mounted bar valve quick fixing kit
- Height adjustable rigid riser rail with diverter
- 200mm stainless steel shower head
- Single function shower handset
- Brass shower hose

Minimum pressure 1.0bar

SVSET07

Thermostatic single function valve
120(w) x 210(h) x 140mm(d)
Chrome finish
Minimum pressure 0.1bar.

SV1304

Top outlet bar valve
265(w) x 40(h) x 106mm(d)
Chrome finish
Minimum pressure 0.1bar
When used with rigid riser rail minimum pressure 1.0bar

Supplied with surface mounted fixing kit for quick and easy installation. Use with rigid riser rail for control of two shower accessories.

SV1307

THERMOSTATIC VALVE FEATURES

- Easy to use separate flow and temperature control
- Automatic shut down if cold water pressure should suddenly fail
- Precise thermostatic control
- Resistance to limescale build up
- Chrome plated brass cover plate / construction

Thermostatic dual function valve
120(w) x 280(h) x 140mm(d)
Chrome finish
Minimum pressure 0.5bar

SV1305

Bottom outlet bar valve
265(w) x 40(h) x 106mm(d)
Chrome finish
Minimum pressure 0.1bar

Supplied with surface mounted fixing kit for quick and easy installation.

SV1308

SHOWER VALVES

All Roper Rhodes concealed shower valves have been designed so they can be mounted horizontally or vertically, to suit your bathroom.

HENLEY

If you are aiming for a more period look for your bathroom, selecting one of our traditional Henley shower systems will add just the right finishing touch. Packed full of features there is no compromise.

Henley single function exposed shower system

SVSET50

Henley single function concealed shower system

- Single function thermostatic shower valve
- Brass 460mm length adjustable shower arm
- 200mm brass shower head
- Brass valve cover plate

Minimum pressure 0.3bar

SVSET53

ECO¹

Henley dual function exposed shower system

- Thermostatic sequential shower valve
- Height adjustable rigid riser rail with separate flow control to shower head and handset
- Overall system height 1237mm, rigid riser rail can be cut to height
- 200mm brass shower head
- Single function brass shower handset
- Brass shower hose

Minimum pressure 0.5bar

SVSET50

ECO¹

Henley dual function concealed diverter shower system

- Dual function diverter thermostatic shower valve
- Brass 460mm length adjustable shower arm
- 200mm brass shower head
- Brass riser rail
- Single function brass shower handset
- Brass shower hose, wall elbow & cover plate

Minimum pressure 0.5bar

SVSET52

ECO¹

Henley single function exposed shower system

- Thermostatic sequential shower valve
- Height adjustable rigid riser rail with flow control to shower head
- Overall system height 1110mm, rigid riser rail can be cut to height
- 200mm shower head

Minimum pressure 0.3bar

SPECIFY YOUR OWN SHOWER SYSTEM

If designing your shower system to meet your own specific needs & style is more your thing then use this guide to help select the right thermostatic valve for the job. Then browse the following few pages to select from the different shower system components available & build a system which is bespoke to you.

Do you prefer a concealed or exposed shower valve? Exposed valves are generally easier to install, especially if you are installing on an outside wall or in an older property.

If you have the luxury of designing your new bathroom from scratch or are installing in a newer property then you may prefer the more streamlined look achieved when using a concealed shower valve. Depending on your bathroom design, concealed valves have the added benefit of being able to be sited away from the shower head, so you can turn on the water without standing under the flow.

Do you want to control water flow to one shower system component, two or even three? This will dictate whether you need a single function, dual function or triple function shower valve.

Multi-function valves can be used to control water flow to a bath mounted shower handset, great for rinsing hair or cleaning the bath. Alternatively use with a bath spout or Smartflow filler to fill your bath at the perfect consistent water temperature. Simply turn it on, run your bath then relax.

AVAILABLE SHOWER SYSTEM COMPONENTS

1 Shower handset & riser rail kit

2 Fixed shower head

3 Wall mounted spout

4 Smartflow bath filler

5 Bath mounted shower kit

See pages 204 - 210 to make your selection

For control of 1 shower component:

Single function concealed valve

Single function exposed valve

For control of 2 shower components:

Dual function concealed valve

Dual function concealed diverter valve

Dual function exposed diverter valve

For control of 3 shower components:

Triple function concealed diverter valve

SHOWER HANDSET & RAIL KITS

Crest single function shower kit

Includes Wave riser rail (adjustable), shower hose and round single function handset. Excludes wall elbow. Ideal for low pressure. Minimum pressure 0.2bar

SVKIT05

Drench single function shower kit

Includes square brass riser rail, shower hose and square single function handset. Excludes wall elbow. Ideal for low pressure. Minimum pressure 0.2bar

SVKIT08

Dive 5 function shower kit

Includes Dive round riser rail, PVC easy clean metallic effect shower hose, Air-drive 5 function shower handset. Excludes wall elbow. Minimum pressure 0.5bar

SVKIT11

Deck single function shower kit

Includes Deck rectangular brass riser rail, PVC easy clean metallic effect shower hose, Air-drive single function shower handset. Excludes wall elbow. Minimum pressure 1.0bar

SVKIT12

Spa 5 function shower kit

Includes Sanctuary brass riser rail, shower hose and round 5 function handset. Excludes wall elbow. Minimum pressure 0.5bar

SVKIT03

Tide single function shower kit

Includes square brass riser rail, shower hose and square single function handset. Excludes wall elbow. Ideal for low pressure. Minimum pressure 0.2bar

BATH FILLERS & SHOWER HANDSETS

SMARTFLOW BATH FILLERS

With a Smartflow bath filler water runs into your bath through the filler rather than a traditional bath mixer tap. Mounted on the inside of the bath, the Smartflow acts as a combined filler and overflow and comes with a click waste. It can be used with a manual mixer valve as a simple bath filler, or connect it to a diverter valve to control both bath and shower outlets.

ACCESSORIES

A collection of freestanding bathroom accessories. Neat, compact & beautifully designed.

FREESTANDING ACCESSORIES

Our attention to detail is evident even in the smallest accessory. From toilet brushes to grab bars you can always count on quality construction & uplifting design.

TOILET BRUSHES

GRAB BARS

KEITH ALCOCK
Product Designer

Brighten up your bathroom with one of our stunning cabinets or get ready in style in front of one of our striking mirrors.

Cabinets & mirrors

CABINETS

Whether you find illuminated cabinets a turn on (or off!), need a single or double cabinet in aluminium or to coordinate with your furniture, our fantastic range is bound to have something that’s just right.

CABINET FEATURES

Our beautifully built cabinets are a great alternative to a mirror when you need additional storage space. And who doesn't? Packed full of useful features such as **Bluetooth®** wireless technology, heated demister pads, recharging sockets, integrated lighting & infrared on/off sensors. A Roper Rhodes cabinet more than deserves a place in your bathroom.

INFRARED ON/OFF SWITCH

An infrared switch means you can easily turn the lighting on and off with a wave of your hand.

Important: Please remember, when mounting cabinets with infrared switches, the sensor must be at least 150mm from an adjacent wall or obstruction to ensure the switch can function properly.

See pages 263 - 265 for location of sensor for each cabinet.

LED LIGHTING

The latest LED technology is used to great effect. This not only looks stunning but provides a bright, practical task light with energy saving benefits.

HEATED DEMISTER PAD

A heated demister pad in the door means that within two to three minutes the pad heats the mirror to a few degrees above room temperature, keeping the central area of the mirror door clear.

RECHARGING SOCKETS

Many of our cabinets include a recharging socket, suitable for electric shavers and toothbrushes, conveniently hidden away inside the cabinet.

Bluetooth® WIRELESS TECHNOLOGY

Integrate music seamlessly into your bathroom with an LED illuminated cabinet with **Bluetooth®** wireless technology.

SOFT CLOSE

Most of our cabinets feature soft close doors to ensure quiet and controlled closure of the bathroom cabinet

IP44

Cabinets indicated with this symbol comply with electrical equipment (safety) regulations and are IP44 rated, making them suitable for use within zone 2 of the bathroom environment.

DIMMABLE/LIGHT TEMPERATURE CHANGING

With combined dimmable on/off sensor and adjustable light temperature from 2700K (warm white) to 6000K (daylight white).

DAYLIGHT	NATURAL LIGHT	WARM LIGHT
Invigorating	Bright	Calm
6000K		2700K

BE IN CONTROL OF YOUR LIGHTING

The clever infrared sensor on some of our cabinets not only lets you choose the intensity but also the warmth of the LED lighting to suit your mood, the time of day or the specific task in hand.

So why not wake up to a bright, invigorating light in the bathroom when taking your morning shower to help get you going? Choose a natural light when applying make-up. Then calm things down in the evening with dim, warm lighting when preparing for bed.

You'll wonder how you managed without it! Look for cabinets with the DIMMABLE/LIGHT TEMPERATURE CHANGING icon.

MIRRORS

A Roper Rhodes illuminated mirror will really help to brighten up your bathroom. Take your pick from either integrated LED or fluorescent back lighting. All our mirrors are easy to install & many can be mounted landscape or portrait to suit your bathroom layout.

MIRROR FEATURES

When it comes to mirrors, Roper Rhodes really does have the fairest of them all. Our collection of illuminated mirrors are beautifully designed & come with a host of clever features such as **Bluetooth®** wireless technology or adjustable light temperature, heated demister pads, recharging sockets & no touch infrared on/off switching.

INFRARED ON/OFF SWITCH

Most of our illuminated mirrors are turned on and off using a no touch infrared switch. See pages 283 - 285 for location of sensor for each mirror.

Important: Please remember, when mounting mirrors with infrared switches, the sensor must be at least 150mm from an adjacent wall or obstruction to ensure the switch can function properly.

LED LIGHTING

We use the latest LED technology in our newer mirrors to great effect. This not only looks stunning but provides a bright, practical task light with energy saving benefits.

HEATED DEMISTER PAD

Within two to three minutes the pad heats the mirror to a few degrees above room temperature, keeping the central area of the mirror clear.

RECHARGING SOCKETS

Many of our mirrors include a recharging socket, suitable for electric shavers and toothbrushes.

Bluetooth® WIRELESS TECHNOLOGY

Integrate music seamlessly into your bathroom with an LED illuminated mirror with **Bluetooth®** wireless technology.

IP44

Illuminated mirrors shown with this icon comply with electrical equipment (safety) regulations and are IP44 rated, making them suitable for use within zone 2 of the bathroom environment.

DIMMABLE/LIGHT TEMPERATURE CHANGING

With combined dimmable on/off sensor and adjustable light temperature from 2700K (warm white) to 6000K (daylight white).

DAYLIGHT	NATURAL LIGHT	WARM LIGHT
Invigorating	Bright	Calm
6000K	→	2700K

BE IN CONTROL OF YOUR LIGHTING

The clever infrared sensor on some of our mirrors not only lets you choose the intensity but also the warmth of the LED lighting to suit your mood, the time of day or the specific task in hand.

So why not wake up to a bright, invigorating light in the bathroom when taking your morning shower to help get you going? Choose a natural light when applying make-up. Then calm things down in the evening with dim, warm lighting when preparing for bed.

You'll wonder how you managed without it! Look for mirrors with the DIMMABLE/LIGHT TEMPERATURE CHANGING icon.

FURTHER TECHNICAL INFORMATION

For further technical information on all Roper Rhodes mirrors, including fitting instructions and aftercare documents, visit roperrhodes.co.uk

ULTRA SLIM DEPTH MIRRORS

Our ultra slim mirrors are the slimmest LED illuminated mirrors available. They come in 5 sizes to suit any bathroom & can even be tiled in for a flush fitting finish.

Ultra slim 900 mirror

Ultra slim 1200 mirror

- With dimmable on/off sensor and adjustable light temperature from 2700K (warm white) to 6000K (daylight white)
- Practical, adjustable energy saving LED lighting
- Ultra slim design - can be fitted on painted bathroom walls for an overall depth of 17mm or tiled in for a flush fitting finish
- Flexible installation - can accommodate any thickness of tile or wall cladding
- Heated demister pad prevents mirror steaming up
- Infrared on/off sensor to operate lighting & heated demister pad
- Can be hung portrait or landscape
- IP44 rated – for safe use in the bathroom

Important: The control module for the ultra slim mirror must be recessed behind the mirror. This requires the creation of an opening within the wall approximately 160(w) x 275(h) x 40(d)mm directly behind the mirror. For further information please see our website for detailed installation instructions.

PETER LINDELL
Product Designer

For the best seat in the house choose Roper Rhodes, the UK's leading supplier of seats. Our extensive range offers useful design features, such as quick release for easy cleaning. In hard-wearing finishes with comfortable styling, our seats look good and stay that way. And that's the bottom line.

When it comes to bath panels ours use the latest in modern materials and designer thinking to complement your bathroom style. The humble bath panel elevated to an art form.

Seats & Panels

TOILET SEATS

The UK’s leading supplier of toilet seats, with an extensive range including thermoset plastic seats made from a highly durable material capable of withstanding heavy household usage.

Our toilet seat collection also has a number of solid wood seats made using the finest timber from sustainable sources and benefit from reinforced rings and hidden wood dowels for outstanding rigidity and strength. Also available are wood veneered and painted MDF seats.

FEATURES

LIFETIME GUARANTEE
A wide selection of our toilet seats include a lifetime guarantee against seat breakages.

QUICK RELEASE HINGES
Easy to operate quick release hinges are featured on some toilet seats, allowing the seat to be lifted away easily, leaving clear access to clean hard to reach surfaces.

TOP FIX HINGES
Some seats feature a special 'top fix' hinge allowing them to be quickly and easily installed on modern WC pans.

ANTI-BACTERIAL PROTECTION
An environmentally friendly built-in additive provides a hygienic finish to a number of our toilet seats which also protects against bacteria, fungi and microbes.

SOFT CLOSE HINGES
The hydraulic hinge mechanism ensures controlled and quiet closure of the seat lid and ring. Mechanisms are extensively tested to ensure long life.

TECHNICAL INFORMATION

For further technical information on all toilet seat products, including fitting instructions & aftercare documents, please visit roperrhodes.co.uk

Corner posts for 1800mm x 800mm baths

CUSTOMER SERVICE & AFTERCARE

As one of the UK's largest suppliers of bathroom furniture & accessories, we set very high standards in design, manufacture & service. We also invest heavily in product improvement & innovation. By choosing Roper Rhodes, you can be confident that your product is of unrivalled quality.

GUARANTEES

Many of our products carry lengthy guarantees. Our furniture, showers and taps carry 10 year guarantees whilst some of our seats have a lifetime guarantee. Please see individual product sections for details. Guarantees are for domestic use only and are not transferable.

REPLACEMENT PARTS

We carry extensive stocks of replacement parts and are normally able to dispatch spares within 24 hours of your request. Attention is drawn to the policy of replacing any damaged part with a spare part where possible. Complete exchanges will only be made if damage is extensive.

PRODUCT SPECIFICATION

Roper Rhodes Ltd reserves the right to amend the specification of its products at any time if an opportunity to improve the product occurs. All dimensions are approximate and are quoted within reasonable tolerances.

PRICING

All prices quoted are inclusive of Value Added Tax, which will be charged at the rate applicable on the date your product is despatched. The prices charged will be those ruling at the date of despatch and Roper Rhodes cannot be held responsible for any errors or omissions in this brochure.

HOW TO CONTACT US...

If you need to contact us, our experienced in-house customer service team has a wealth of knowledge about our products.

01225 303 900

sales@roperrhodes.co.uk

Monday to Thursday - 9:00am - 5:30pm

Friday - 9:00am - 5:00pm
