WELCOME TO THE LAUFEN STUDIO COLLECTION

Founded in 1892 in Switzerland, LAUFEN has become one of the world's leading companies for bathroom products, manufacturing around 4.5 million ceramic pieces per year exclusively in central Europe. The LAUFEN brand combines Swiss quality, high aesthetic standards and innovation in production and materials.

Swiss quality

All our products are manufactured to the optimum level of Swiss quality. This is achieved by using the highest specification of materials and the latest technology. They are then carefully handcrafted to the finest standards of workmanship. Such care has resulted in our products being renowned for their reliability, finish and attention to detail.

Award-winning design

At LAUFEN, our bathroom collections are created by the world's leading designers. Their flair and passion has produced solutions that are unique, dynamic and eye-catching. Such achievements have led to our solutions winning the latest design awards e.g. Red Dot Design, the iF Product Design and the Design Plus label. This continuous success has enabled LAUFEN to develop a reputation for innovative bathroom solutions.

Product range

With LAUFEN you are assured to find a bathroom collection that meets your customer's requirements. Firstly, our collections cover a wide range of styles (classic, contemporary and ultra modern) enabling you to meet any aesthetic needs. Secondly, each collection includes a comprehensive range of co-ordinating product options. Finally, our collections are fully customisable (e.g different sanitaryware and furniture colour options) allowing you to easily meet any bespoke customer requirements.

GENERAL INFORMATION

PRO S Tall cabinet, vanity unit and washbasin with wall-hung WC and bidet

Collections

- Each LAUFEN collection is listed in order of design
- Within each collection products are listed as follows: washbasins, WCs and bidets, furniture, mirrors
- Each product is detailed with a product code, description, dimension and recommended list price (excluding VAT)
- Product codes are structured as per below:

Ceramic (Washbasins, WCs and Bidets)

- Each product code is made up of 13 numbers
- The first 6 numbers refer to the individual article (see description)
- In addition the following needs to be applied:
- Numbers 7 to 9 refer to the colour

-  White 000 (All ranges)
-  Pergamon 049 (Pro only)
-  White LCC 400 (Pro and Pro S only)

LCC is available with a surcharge of £68.00 (excluding VAT) per item.
LCC is only available in white.
Please indicate LCC code 400 in the product code digits 7 to 9.

Tap hole codes

- Numbers 10 to 12 refer to tap hole configuration
- 104 - one tap hole ●
- 107 - two tap holes ●●
- 108 - three tap holes ●●●
- 109 - without tap hole ○

Furniture

- Each product code is made up of 13 numbers
- The first 6 numbers refer to the individual article (see description)
- In addition the following needs to be applied:
 - Numbers 7 to 9 refer to the collection
 - 075 – Palace
 - 095 – Pro S
 - 110 – Base
- Numbers 10 to 12 refer to the colour or finish (please see opposite by range)
- Number 13 is always a 1
- Space saving siphon required for all Laufen Pro furniture and Laufen Pro S furniture with interior drawer. Please order separately (8.9424.0.000.000.1) £20.59 exc VAT.

PALACE
Design by
Andreas Dimitriadis

Palace Tall cabinet, vanity unit and washbasin with wall-hung WC and bidet

PALACE

A timeless classic, conceived with the future in mind: Palace has developed into a complete multi-faceted bathroom solution. Palace's designer, Andreas Dimitriadis of platinum design, has put together a bathroom range that is as suitable for the private home as it is for the hotel bathrooms of this world. A celebration of ceramics which showcases its strong qualities in both environments. "True beauty often lies within simplicity. With gentle contours, lightness and elegance, Palace creates a pleasant feeling of familiarity, security and closeness. Palace enhances the bathroom without dominating it."

Designer - Andreas Dimitriadis

Palace countertop washbasin

The large Palace washbasins (from a length of 1200mm) can be ordered made-to-measure from our factory. Thanks to our innovative production engineering, our sanitary ware fits precisely into bathroom plans. The sanitary ware can be cut squarely or diagonally. Freestanding side components can also be manufactured to precise measurements without having to add on side panels with visible joints.

Key features

- A timeless design which seamlessly blends the future, present and past.
- Winner of the prestigious 2011 'Red Dot Design' Award.
- Designed by Andreas Dimitriadis, platinumdesign.
- Available in a comprehensive range of washbasin options with varying sizes (up to 1800mm).
- Countertop washbasins can be cut to size to meet bespoke requirements.
- Available with a wide range of WC and bidet options.
- Can be complemented with a wide range of matching towel rail, ceramic shelf, bath, tap and furniture options.
- Extensive product options cater for the family bathroom, en-suite or cloakroom.
- Suitable for the domestic, commercial and hotel environments.

PRO S
Design by
Peter Wirz

PRO S Washbasin and vanity unit, PRO S tall cabinet, Case mirror

PRO S

The Swiss designer Peter Wirz has delicately created this comprehensive range as evolution of the pro concept. Thanks to its slim silhouette and clearly defined radii, the washbasin has a light and elegance appearance. The deep bowl means that it's also functionally appealing. The aesthetics of the LAUFEN PRO S range follows the direction of LAUFEN's premium design lines – while remaining affordable to all.

Designer - Peter Wirz

Design of the human touch: this is the creed of Vetica, the design hotbed based in Lucerne, Taipeh, Hamburg and Hong Kong. The members of this interdisciplinary, international team surrounding Swiss designer Peter Wirz see through the development processes of industrial products in their form and function and regard themselves as idea smiths - not only in matters of design, which is seen as an interdisciplinary process in a wider context.

BASE
Furniture Collection
for Palace and Pro S

PRO S Washbasin slim with BASE vanity unit, CITYPRO washbasin mixer, BASE mirror cabinet and tall cabinet, PRO wall-hung WC

BASE FURNITURE RANGE

The moments we spend in the bathroom are also good for the soul, and BASE is designed to make those moments as pleasant as possible. Our new bathroom furniture evokes just the right atmosphere, complementing LAUFEN's Palace and Pro S ceramic collections to provide a spatial experience that reflects our integrated design aesthetic. With practical technology, a variety of surface finishes and an extensive palette of colours, this range is suitable for the most challenging, uncompromising bathroom design.

BASE Vanity unit, PRO S washbasin and CITYPRO washbasin mixer

BASE Tall cabinet with laundry basket

Palace BASE Combipack

BASE FURNITURE RANGE

Palace combipack

BASE Vanity unit with PRO S countertop washbasin and CITY PRO washbasin mixer

BASE Vanity unit with PRO S countertop washbasin and CITY PRO washbasin mixer

Key features

- Ergonomic yet stylish storage for day to day items including towels, toiletries and other bathroom utensils.
- Designed to complement the Laufen Palace and Pro S ceramics the six standard finishes with the light and dark wood veneer finishes bring a natural warmth to the room.
- Impact and scratch resistant surfaces are also splash-proof and easy to clean, for tough everyday use in the family bathroom.
- The vanity units for Laufen Pro S are fitted with elegant narrow handles in aluminium while the vanity units for the Pro S slim washbasins, are finished flush with the front of the furniture and come without handles to feature softclose drawers.
- Matching medium and tall cabinets are available with a laundry basket option for ease of use and a tidy bathroom area.
- Tall cabinets are also available in bespoke widths between 250 and 450mm, and up to a maximum height of 1650mm, allowing bathroom planners additional options when planning challenging bathrooms.
- The small, open-sided free-hanging mirror cabinet element with two trays. It brings additional mirror surfaces and further easily-accessible storage space into the bathroom. In addition, there are also four sizes of mirror cabinets available in the BASE range, which are coordinated to the washbasin widths, offering an ideal complement and the perfect finishing touch.

BASE Vanity unit with PRO S slim washbasin, BASE mirror cabinet and tall cabinet, PRO wall hung WC

PRO
Design by
Peter Wirz

PRO Vanity unit with PRO washbasin, PRO tall cabinet, PRO wall hung WC and bidet

PRO

This comprehensive bathroom range offers the ideal solution for every spatial situation and requirement whilst reflecting the building values of the current generation. Industrial design is the modern answer to the once revolutionary idea that everyone has a right to enjoy beautiful forms.

Good design is now no longer a right reserved for the most affluent customers. Modern methods of industrial production and designers such as Peter Wirz of Vetica, put optimum manufacturing feasibility at the forefront of their creative processes to make such sanitary ware ranges as LAUFEN pro possible.

Designer - Peter Wirz

PRO Washbasin, PRO wall hung WC, CITY PRO shower

PRO Vanity unit and washbasin, medium cabinet and wall hung WC

PRO Washbasin

Key features

- A versatile and contemporary collection.
- Designed by Peter Wirz of Process Design.
- Available in a comprehensive range of washbasin designs (e.g. square, round) with varying sizes (up to 1300mm).
- Available with a wide range of smoothly contoured WC and bidet options, including rimless WCs.
- Sanitaryware supplied in white as standard. Other colours and white with LCC (LAUFEN Clean Coat) available as an option.
- Can be complemented with a wide range of matching bath, tap and furniture options.
- Extensive product options cater for the family bathroom, en-suite or cloakroom.
- Suitable for the domestic, commercial and hotel environments.

MIRRORS

Laufen's mirror collection creates the perfect combination with LAUFEN furniture and washbasins. Available in many different sizes the range of cabinets and aluminium frames create minimalist, timeless designs.

The Frame 25 fitted lamps can be combined in numerous ways to light up the face perfectly when applying make up or shaving, whilst the mirrored Base cabinets provide an ergonomic storage solution within a sleek design.

With Leelo, Laufen presents a universal mirror collection featuring timeless elegant styling and different colour temperatures to grace your bathroom with seductive mood lighting whilst allowing users to make precise variations to suit their own individual requirements.

WELLNESS

PRO Marbond floorstanding bathtub

BATHS

There should be no limits when it comes to feeling good which is why Laufen has a bath range with the ideal format for any spatial situation. Bathtubs made of sanitary acrylic have a decade-long tradition in the bathroom. All over the world, the material is highly appreciated for being smooth and comfortable to the skin. It's always a pleasure to take a bath or a shower and feel the warm touch of the material, which has excellent insulating properties too.

Laufen bathtubs are available in many different shapes and sizes. They are made to fit into every bathroom scenario and ambiance. Each and every one is a masterpiece of design and quality.

SOLUTIONS space saving bath

Key features

- Bathing in a bathtub made of solid surface material feels like being in a natural basin. Due to a high percentage of mineral particles from nature, the surface feels smooth, like a rock which has been rounded and polished over years by gentle flowing water. The pleasant, warm touch of the surface gives a feeling of healthiness and cleanliness – and caters for maximum relaxation.
- There should be no limits when it comes to feeling good which is why LAUFEN has a bath range with the ideal format for any spatial situation.
- Acrylic bathtubs from LAUFEN are available in many different shapes and sizes. They are made to fit into every bathroom scenario and ambiance. Each and every one is a masterpiece of design and quality and can be equipped with panels for easier adjustment and maintenance.

PRO SHOWER TRAYS

Filigree lines and a fine surface structure define the new LAUFEN Pro shower trays. The clean design by Peter Wirz complements the contemporary bathroom. Marbond, the unique material developed by LAUFEN, combines design freedom with a natural touch.

Pro Marbond shower trays are available in over 30 standard sizes. In addition, LAUFEN can cut the shower trays during production to individual sizes with seamless sealing at the cut surfaces. There are no boundaries to individual design in the bathroom.

SURFACE TEXTURE

The fine surface texture has a pleasant and warm natural touch.

COLOURS

Pro shower trays are available in:
matt white (.000)
light grey (.077)
anthracite (.078)

HIGH DRAIN PERFORMANCE

High drain performance of 37.2 l / min. The stainless steel siphon cover matches the colour of the shower tray.

HYGIENIC AND SAFE

Marbond shower trays are hygienic, easy to clean and prevent slipping (DIN 51097, Class C – highest antislip-class).

BRASSWARE

The design of the fittings we install determines how we experience water in the bathroom. Laufen is committed to the true aesthetic beauty: We give water a shape to enable it to pamper body and soul. Our designers draw their inspiration from the element of water and their endless stream of innovations turn bathroom faucets into an artwork form.

Key features

- Unique, beautiful on the eye and smooth to touch are the characteristics of LAUFEN taps.
- Available in various designs and solutions, our taps are created specifically so they match with many ranges and specifications.
- Such synergy and compatibility between product explains why many choose our coordinated LAUFEN collections for their bathroom.
- Many LAUFEN taps have an integrated 'Ecototal cartridge'. This is an internal control element that adjusts the temperature and volume of the water according to ecological aspects. Such an intelligent feature within our taps and shower solutions allows an extensive water saving.

Laufen Pro wall hung WC and bidet with AW1 flush plate

Palace wall hung WC

Key features

- Installation Systems are a fundamental part of the bathroom. Roca Group Installation Systems offer an affordable solution when a practical, hygienic and modern bathroom design is called for.
- A range of installation options are available, allowing easy install of wall-hung and back-to-wall WCs.
- There are compact options available.
- With a variety of operating panels, in an array of finishes, there is a style for any bathroom space.
- Roca Group Installation Systems are compatible with a range of LAUFEN wall-hung WCs, such as Pro S, Pro and Palace.
