OVEN FUNCTIONS

LIGHT

Ideal for illumination of the cavity for cleaning, whilst food is cooling or simply to maintain ambient lighting in the kitchen.

DELICATE BAKE

Perfect for pastry dishes such as Quiche or an open tart to ensure a crisp base is achieved whilst cooking the filling.

DEFROST

A safer way to speed up the defrosting process. Using the fan to circulate unheated air around the cavity so you won't accidentally cook your food, like a microwave can.

BROWNING

Great for browning off pasta or dishes that are topped with cheese to create a perfect finish to your dish.

GRILL

Ensures a high direct temperature for meats or where browning of a dish is required.

FAN ASSISTED

Utilising the conventional oven elements alongside the fan, this produces zoned cooking with the hottest zone being featured at the top of the oven.

FANNED GRILL

Enables the door to be closed whilst grilling. This ensures a more consistent result while preventing cooking smells from permeating the room.

DUO

Using the lower element only, this cooking method is often used for slow-cooking casseroles and can also be used to give a crispy base to your pizza.

FANNED

A fan oven draws air from the interior of the oven, heats it up and forces it back into the cavity again. The heat within a fan oven is evenly distributed for multi-level cooking and consistent results.

RAPID COOKING

A fast and intensive cook when you're in a hurry. Use for dishes that aren't temperature sensitive such as ready meals or simply for searing meats.

CONVENTIONAL

This traditional cooking method uses heat sourced from both the top and bottom of the oven, this results in a natural convection process that centres the heat in the top of the oven.

BASE HEAT

Direct heat from the base of the oven; great for baking pastry blind, quiche and any dessert with a pastry base

OVEN FEATURES

LARGE CAPACITY

Large capacity 73L single oven cavities as standard.

SOFT CLOSE DOORS

On both the 10 function single ovens.

PREMIUM REFINEMENT

Steel constructed bar handle and rotary controls.

HIGH SPECIFICATION

10 FUNCTION PYROLYTIC

RMB610PBL/SS

- 10 functions
- Pyrolytic cleaning
- Soft close door
- Stainless Steel bar handle
- 73L large capacity oven
- Quadruple glazed removable door
- TFT touch control
- A rated for energy efficiency
- 24hr Programmable LED display
- 2 shelves
- 1 grill pan
- 2 year warranty

PYROLYTIC CLEANING

For ease of cleaning, the RMB610PBL features pyrolytic cleaning allowing the oven to literally clean itself by carbonising the entire cooking residue to fine ash.

BUILT-IN SINGLE OVENS

10 FUNCTION TOUCH CONTROL

RMB610BL/SS

- 10 Functions
- Soft close door
- Stainless Steel bar handle
- 73L large capacity oven
- Triple glazed removable door
- Touch control
- Easy clean enamel
- A rated for energy efficiency
- 24hr Programmable LED display
- 2 shelves
- 1 grill pan
- 2 year warranty

- 5 function main cavity
- 4 function second cavity
- Stainless Steel bar handle
- 80L combined capacity 45/35
- Triple glazed removable doors
- Stainless Steel rotary control
- A/A rated for energy efficiency
- 24hr Programmable LED display
- Easy clean enamel
- 3 shelves
- 1 grill pan / 1 roasting tray
- 2 year warranty

4 / 5 FUNCTION

RMB9045BL/SS

- 5 function main cavity
- 4 function second cavity
- Stainless Steel bar handle
- 91L combined capacity 56/35
- Triple glazed removable doors
- Stainless Steel rotary control
- A/A rated for energy efficiency
- 24hr Programmable LED display
- Easy clean enamel
- 3 shelves
- 1 grill pan / 1 roasting tray
- 2 year warranty

ACCESSORIES

Single ovens feature 2 shelves and grill pan (with removable handle) whilst the double ovens come with 3 shelves, 1 grill pan (with removable handle) and 1 roasting pan.

PAIR WITH A RANGEMASTER BUILT-IN HOB

Complementary ceramic, gas on stainless, gas on glass and induction hobs will make the perfect partner in your kitchen.

COMPACTS & DRAWERS

HIGH SPECIFICATION

PREMIUM STEAM

RMB45SCBL/SS

- 8 Functions
- Touch control
- A rated for energy efficiency
- White LED display
- Programmable LED display
- 1 perforated tray
- 1 solid tray
- 2 year warranty

MICROWAVE COMBINATION OVEN

RMB45MCBL/SS

- Combination cooking
- 8 Functions
- 6 power levels
- Touch control
- A rated for energy efficiency
- White LED display
- Programmable LED display
- Glass turntable plate
- High wire rack
- 2 year warranty

WARMING DRAWER

RMB45WDBL/SS

- Hot air warming system
- Controllable heat 30° - 60°
- Handle-less touch to open
- Non-slip drawer lining

STORAGE DRAWER

RMB45SDBL/SS

- 25kg capacity
- Handle-less touch to open
- Non-slip drawer lining

GETTING THE MOST FROM STEAM COOKING

Utilising the latest in premium technology, the forced steam system tailors the steam delivery to provide perfect results on any dish. Healthy, easy and flavour packed; cooking with steam is easy. An entire meal can be made in a single cooking process with no taste transfer.

Steam - 40° - 100° heat. An all encompassing function for a variety of uses to provide healthy, flavour packed results

Meat - 80° - 100° heat with 5 auto programmes that ensure a succulent finish to all meat dishes.

Fish - 70° - 100° automatic programmes that ensures fish dishes are prepared to perfection.

Veg - 5 programmable functions to gently cook all types of vegetables and lock in natural flavours and nutrients.

Grill - Ideal to finish your dish with a golden brown glaze.

Pizza - Replicating traditional pizza oven methods, this option provides a refined finish to pizza's, fresh or frozen.

Defrost - Ensures a consistent defrost without the risk of cooking the product through.

De scale - For easy cleaning and maintenance, the de-scale function ensures perfect long term operation.

HOODS & SPLASHBACKS

HOODS

ZEST

- Ceiling suspended hood
- 3 speeds plus intensive
- Timer delay setting
- Remote control included
- Re-circulating as standard
- Charcoal and Aluminium filters included
- LED lighting
- 24 hour setting
- 2 year warranty

VESPER

- Ceiling suspended hood
- 'Up and Down' motorised movement
- 3 speeds plus intensive
- Timer delay setting
- Remote control included
- Re-circulating as standard*
- Charcoal and Aluminium filters included
- 24 hour setting
- 2 year warranty

BELLINI

- Energy efficient
- 4 speeds plus intensive
- Touch control with blue display
- Charcoal and Aluminium filters included
- LED lighting
- Brushless Motor
- Timer Delay
- Available as re-circulating and extraction**
- 2 year warranty

60cm CHIMNEY

- Re-circulating as standard
- Charcoal and Aluminium filters included

* Also available as extraction

** Chimney sections can only be fitted in extraction mode not recirculation mode.

HOODS

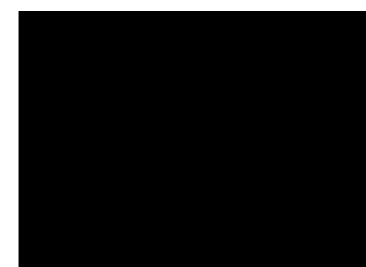

OPAL

- Available in 60, 90 or 100cm
- 3 speeds plus intensive
- Touch control with blue display
- Dishwasher safe Aluminium filters
- Charcoal and Aluminium filters included
- LED lighting
- Available as re-circulating and extraction**

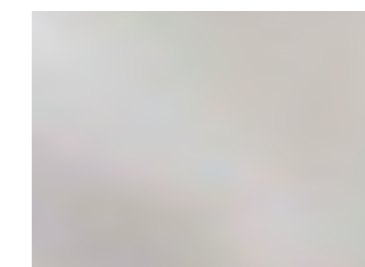

SPLASHBACKS

BLACK

- Available in 60 or 70cm widths
- Stainless Steel construction
- 67cm height

STAINLESS STEEL

- Available in 60 or 70cm widths
- Stainless Steel construction
- 67cm height

INTEGRATED REFRIGERATORS

70:30

RFXF7030FI/AP

- A+ rated for energy efficiency
- Impressive 232 litre net capacity
- Humidity controlled crisper drawers
- Holiday Mode - ensuring lower energy consumption while you're away
- Super Cool and Super Freeze functions to cool/freeze food quickly to maintain nutrients
- Silver trim on shelving and door furniture
- Reversible hinging
- Four star freezer
- 2 year warranty

50:50

RFXF5050FI/AP

- A+ rated for energy efficiency
- Impressive 241 litre net capacity
- Silver trim on shelving and door furniture
- Humidity controlled drawers
- Totally frost-free throughout the fridge and freezer
- Holiday Mode - ensuring lower energy consumption while you're away
- Super Cool and Super Freeze functions to cool/freeze food quickly to maintain nutrients.
- Reversible hinging
- Four star freezer
- 2 year warranty

Introducing

GEO
4-in-1

WATER. EVOLVED

- Consistent 98° hot with no gushing or spitting
 - Dual filtered cold
 - Child safe Hotfob™
- Anti-scale boiler technology
- 0.5 bar operating pressure

Rangemaster's latest addition is GEO; An evolution in 4-in-1 taps delivering domestic hot and cold, filtered cold and 98° hot.

Smart, efficient and safe; GEO offers safe dispensing of 98° water with its child-safe key fob system, smart anti-scale technology for hassle free maintenance and efficiently delivers over 100 cups of perfectly filtered 98° water an hour.
