

matki

Effortless style and sublime innovation are the hallmarks of any Matki Collection, and the foundations on which every Matki product is created. The epitome of indulgence, each design is a stunning mix of sumptuous, hand-crafted beauty and luxurious functionality, where even the smallest detail has been developed to give you a truly exhilarating shower experience.

The exceptional range of doors, surrounds, bath screens and trays exhibit the talent and passion of the Matki design team. Each product is carefully manufactured in our Bristol, Redruth and Waterlooville factories, ensuring it surpasses our unique and exhaustive quality demands. Sleek frames built from rigid Aluminium and Stainless Steel extrusions, with door furniture and fixings Chromed and modelled from solid metal, provide a perfect balance of staggering beauty and long-lasting performance.

Exquisite design and supreme perfection: Pure Matki.

ILLUSION COLLECTION

Illusion has its name for a reason. There is an emphasis on frameless design with sleek wall channels, no frame where the glass meets the tray and a neat flush fitting handle option. This achieves a luxurious, spacious feel whilst not compromising on the enclosure's functionality and durability. There is a special unique off-set hinge system to allow the widest possible entrance; Matki secure non-slip hinge technology; and integration of the glass panel into the shower tray to add to the unit's strength and avoid the use of visible silicon. Illusion is the epitome of Matki design: superb stylish appearance and uncompromising functional prowess.

CONFIGURATIONS

FEATURES

A choice of configurations are available. Quintesse, Corner and Recess

■ **Illusion Quintesse:** An elegant solution for corner fitting with a beautiful frameless appearance and integrated shower tray for a seamless look. See opposite and page 4 for images and **page 11** for price and specification.

■ **Illusion Recess:** Minimal 8mm glass door and panels. Available with or without integrated tray. See page 7 for image and **page 11** for price and specification.

■ **Illusion Corner:** Hinged door and panels for corner. Available with or without integrated tray. See page 8 for image and **page 13** for price and specification.

ILLUSION QUINTESSE - IQT1490

HANDLE OPTIONS

■ Soft Return Handle (standard)

■ Traditional Handle (please specify)

■ Illusion hinge detail. Hinges are non-slip and use an offset hinge system to allow widest possible opening.

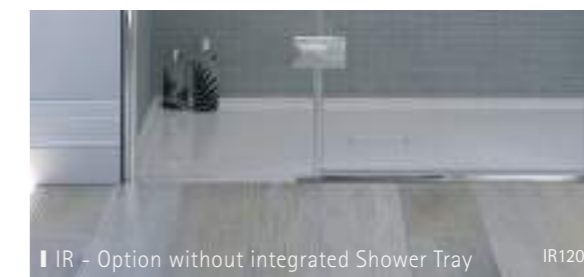

ILLUSION CORNER - ICT1590

SHOWER TRAY OPTIONS

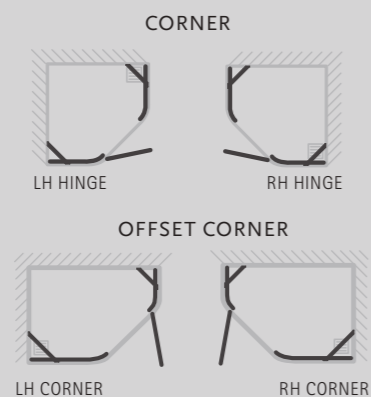

■ The Illusion Integrated Shower Tray system has 8mm panel glass securely inserted into an innovative sealed channel in the shower tray, this eliminates the need for silicon sealant along the glass and tray junction. The trays have an integrated tiling lip on wall sides for a secure tray-to-tile seal and come with a Fastflow shower waste and stainless steel grill.

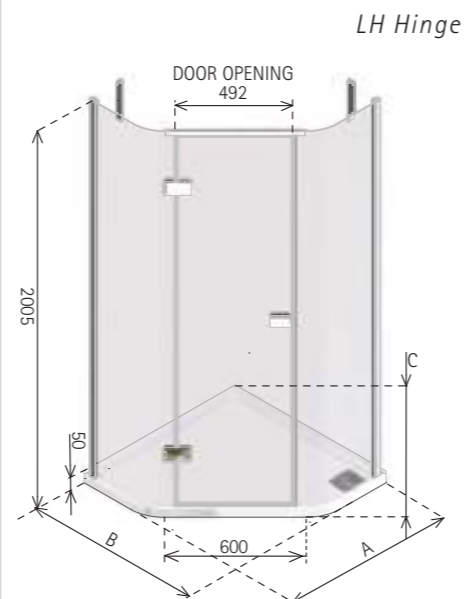

■ Recess and Corner come in two versions - one with an integrated shower tray (see above illustration) and one for fitting onto a wet room floor or an existing shower tray (see below detail of IR1200). Dimensions and prices for both versions can be found on [pages 11 to 13](#).

MATKI-ONE SLIDER CORNER - MOSC1200

MATKI-ONE COLLECTION

ONE, the new designer range from Matki is outstanding in form and in function. Elegant and understated, ONE is about sleek frames, stylish details and a strength that assures lasting high performance.

Silver is the standard finish but there is the possibility to coordinate shower enclosure colouring with elements in your bathroom design. Wall frames, handles and enclosure details can come in an array of appealing and exciting special finishes.

CONFIGURATIONS

FEATURES

A choice of configurations are available: Slider, Pivot, Quintesse and Curved. All with mirror polished stainless steel top track for strength and durability. Wet Room Panels are also available.

Matki-One Slider: A superbly smooth-running sliding door with soft cushioned roller action and assisted stop. See opposite and page 17 for images and **page 31** for prices and specification.

Matki-One Pivot: A strong and streamlined design with a two-way pivot door mechanism allowing the door to open both outwards and inwards. See page 18 and 21 for images and **page 33** for price and specification.

Matki-One Quintesse: A stunning design. The Matki One Quintesse comes with or without shower tray. See page 23 for image and **page 35** for price and specification.

Matki-One Curved: Unique and wonderfully smooth functioning, with cushioned roller action and assisted stop. See page 24 for image and **page 35** for prices and specification.

Matki-One Wet Room Panels: Minimal yet distinctive, the Matki One Wet Room Panel comes in a range of sizes and finishes with the option of wall or ceiling brace. See page 26 and 29 for images and **page 37** for price and specification.

All the enclosures and panels in the Matki One Collection consist of 8mm Safety Glass. Each configuration can be installed on a shower tray or tiled floor.

MATKI-ONE PIVOT CORNER - MOPC900

FRAME FINISH OPTIONS

- **Vertical frames** in a choice of Silver (standard), Powder White, Black Anodised or Architectural Bronze.
- **Horizontal frames** come with Mirror Polished Stainless Steel top track and Silver Aluminium bottom track.
- For colour options and pricing please see [page 36](#).

■ Silver (Standard)

■ Powder White

■ Black Anodised

■ Architectural Bronze

HANDLE OPTIONS

■ **Cylinder Handle:** outer part of the handle is available in a choice of Chrome (standard), Copper and Brass colours. See [page 36](#) for options and pricing.

Flush handle is standard on Slider model MOSC1000 and MOSR1000.

■ Chrome (Standard)

■ Copper

■ Brass

■ Flush

■ **Ring handle:** available in a chrome finish on Pivot and Quintesse models.

DISC DETAIL OPTIONS

Disc detail in choices shown above. Chrome is standard. For special options please see **page 36**.

Disc details are defining focal points appearing in different areas on the enclosure and handle dependent on which model you choose.

Wet Room Panel disc appears at the front of the wall brace bar. Ceiling brace bar version does not include colour disc.

MATKI-ONE CURVED - MOC900

MATKI-ONE WET ROOM PANEL WITH WALL BRACE - MOWP1000

MOWV1000 - Wet Room Panel Ceiling Brace Version

MOWP1000 - Close up of copper disc detail

MOWP panels can be combined with ASP300HP Hinge panel

THE NEW FRAMED-EFFECT

Matki-ONE Wet Room Panels are now exclusively available in a Framed-Effect, available to order in both Black and White. Printed digitally on to 8mm solid Safety Glass, the framing has a unique style, making an on-trend statement in Black whilst quietly coordinating in White. See page 37 for options and prices.

RADIANCE COLLECTION

Both intensely invigorating and supremely functional, the Radiance Collection is perfect for the frantic pace of modern family life.

With its tempered glass surround, sleek Chrome framing and sliding door with discreet, soft closure, the collection is graceful yet sturdy.

The stunning Radiance Curved Corner Surround shown is available in several sizes, each with the timeless design that will fit effortlessly into the corner of the most stylishly modern or traditional of bathrooms.

CONFIGURATIONS

FEATURES

A choice of configurations are available. Curved, Straight Slider, Pivot and Pivot Inline.

I Radiance Curved: Unique and wonderfully smooth functioning, with high-lustre anodised Aluminium top track and cushioned roller action. See opposite and page 41 for image and **page 49** for price and specification.

I Radiance Straight Slider: A superbly smooth-running sliding door with high-lustre anodised Aluminium top track and whisper smooth cushioned roller action. See page 42 and 43 for images and **page 49 to 51** for price and specification.

I Radiance Pivot: Virtually frameless pivot door system with in-built magnetic seal closure. See page 44 and 45 for image and **page 51** for price and specification.

I Radiance Pivot Inline: Providing the addition of an inline panel to the Radiance Pivot for a 1200mm wide enclosure. See page 46 and 47 for image and **page 53** for price and specification.

BOUTIQUE WALK-IN THREE-SIDED - NWST1790TBH

BOUTIQUE WALK-IN COLLECTION

Effortlessly luxurious, the Boutique Walk-In Collection has to be the very pinnacle of doorless showering solutions.

Designed as the sublime three-sided configuration seen here or as an equally beautiful recess or corner configuration, the surround is created almost entirely from glass and fits perfectly into a groove in the uniquely styled tray.

Shown here with Optional Hinged Panel for extra splash protection. The Hinged Panel features a unique glass edge water seal.

The industry-leading two-way Elixir thermostatic valve is an integral part of the sleek shower assembly, enabling water flow and temperature to be conveniently controlled from within the shower. Outstanding beauty and masterful inspiration creating a glamorous wet room feel that everybody can now indulge in.

CONFIGURATIONS

FEATURES

A choice of configurations are available. Corner, Recess and Three Sided all with drying area, optional hinged panel and brassware.

I Boutique Corner: The corner Walk-In enclosure comes in two configurations the NWSC page 57 and the NWCC page 58. See page **page 63** for price and specification.

I Boutique Recess: Ideal for bath replacement. See page 61 for image and **page 65** for price and specification.

I Boutique Three-Sided: An impressive three-sided walk-in. See opposite for image and **page 65** for price and specification.

■ NWCC1790TBH - Boutique Walk in Corner with Side Panel and Hinged Panel

■ The Boutique Walk-In models are available with a neat fixed return panel, shown opposite or alternatively with a hinged panel for extra splash protection shown above. The hinged panel can be rotated through 180° to be fully extended or can be stored away neatly behind the front panel.

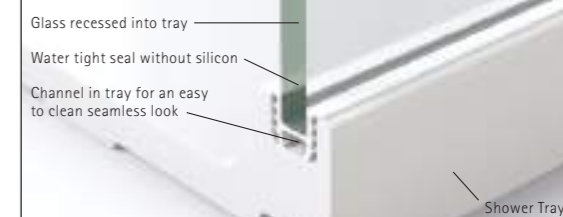

THE INTEGRATED TRAY

The 8mm and 10mm Safety Glass panels are cleverly inserted into a groove in the dedicated shower tray forming a perfect seal. This feature eliminates the need for silicone sealant along the base of the glass surround and helps to maintain its clean, frameless look

Boutique 50mm high Walk-In trays in acrylic capped Synthastone, in White, Pergamon and Piano Black are supplied complete with Fastflow Shower Waste with polished stainless steel grill and tiling upstands on wall sides

DETAIL OF GLASS CHANNEL IN BOUTIQUE SHOWER TRAYS

Innovative design from Matki Showering, integrating Shower surround and Shower tray to give a rigid, easy to clean installation with a modern seamless look.

INTEGRATED BRASSWARE

■ The Boutique Walk-In models can be ordered complete with the high quality Elixir Blade concealed Thermostatic Shower Mixer with diverter. A hand shower, with water saving option and a 180mm x 150mm Easy Clean Deluge shower head are tastefully integrated to fit with the enclosure's classic modern look

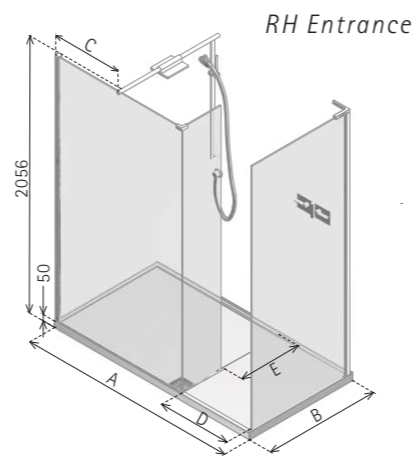

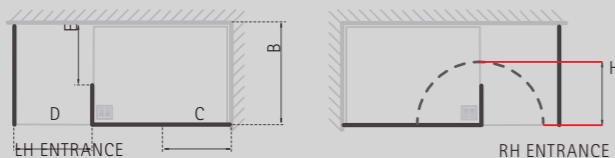

■ The Deluge shower head performs best with minimum 0.5 bar water pressure

WET ROOM COLLECTION

The epitome of sophistication, the magnificent Wet Room Collection provides the ultimate all-in-one shower experience.

A superb minimalist look is created by the sleek glass panels. The most discreet use of chrome framing allows light to flood in, while adjustable brace bars enable you to create an open space to the exact dimensions required. The perfect combination of sublime indulgence and effortless style.

CONFIGURATIONS

FEATURES

A choice of configurations are available. Single Wet Room Panel, Curved Wet Room Panel, Twin Entrance and L-Shaped Panels.

I Straight Wet Room Panel: A single elegant 8mm panel. See opposite and page 68 for images and **page 77** for price and specification.

I Hinge Panel: A convenient solution to create a walk-in style Wet Room layout and enhance the splash protection of a Matki Wet Room Panel or retrofit to an existing panel. See page 68 for image and **page 77** for price and specification.

I Curved: Elegant curved panel. See page 69 for image and **page 77** for price and specification.

I Twin Entrance Panel: A 10mm twin entrance panel. See page 71 for image and **page 79** for price and specification.

I Twin Entrance Panel with Return Panels: An impressive twin entrance panel with 10mm glass returns for strength and some splash protection. See page 72 for image and **page 79** for price and specification.

I L-Shaped Panel: A selection of L-shaped panels to create a walk-in wet room layout. See page 74 and 75 for images and **page 79** for price and specification.

SHOWER TRAY COLLECTION

The Matki Shower Tray Collection perfectly reflects Matki's guiding principles of quality, strength, resilience and timeless design. Our quality-focused manufacturing process and attention to detail ensure each and every tray is a rock solid fit with no bowing or shifting.

The complete shower tray range is manufactured in our own factory in Cornwall ensuring that each tray fits perfectly with the Matki shower surround.

CONFIGURATIONS

FEATURES

A choice of configurations are available: 30mm and 40mm acrylic capped synthastone shower trays, bespoke solid surface and slate effect trays as well as shower trays in any colour to order.

I Continental Shower Trays: A selection of acrylic capped synthastone trays: 30mm (FL) page 100 for image and **page 103** for price and specification or 40mm high (CL) page 101 for image and **page 103** for price and specification. Also see page 105 for Curved and Quintesse versions.

I Universal Shower Trays: 40mm synthastone shower tray available in any colour to order. Available in Rectangular, Quintesse and Curved configurations. The new Universal Linear has a stylish linear waste cover available to match tray colour. See pages 106 and 107 for images and **pages 109 to 111** for price and specification.

I Preference Shower Tray and Floor: Solid surface, fully restorable, tactile, low-profile shower tray and flat floor, available in standard sizes and bespoke. See page 112 and 113 for images and **page 115** for price and specification.

I Slate Shower Tray and Floor: Natural slate texture available in any colour, also flat and bespoke floor. See opposite and page 116 and 117 for images and **page 119** for price and specification.

I Finline 60 Shower Trays: 60mm high, acrylic capped synthastone shower tray. See **page 121** for price and specification.

FL1790	1685	885	30	£565.00	£678.00

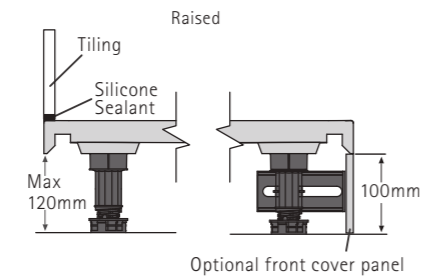

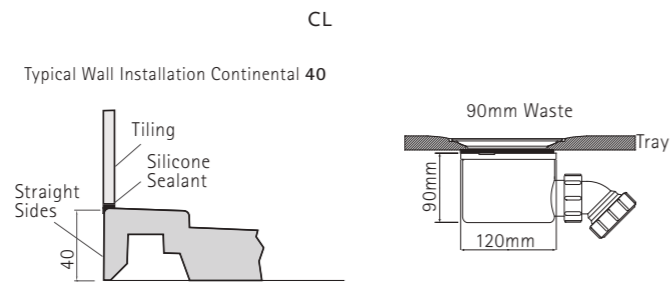

*Add 12.5mm all round for tiling flange.

High-flow shower waste with chrome flange and stainless steel grill as standard, please see alternative finishes below and quote on order adding a supplement of £32 excluding VAT for these finishes:

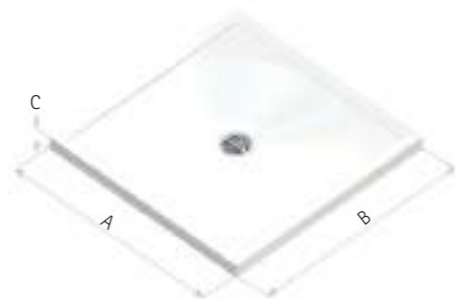

- Super slim 30mm flat Shower Floor with unique tile ledge to achieve a seamless and secure tile to Shower Floor 'wet room' look
- High quality acrylic injection composition for strength and durability
- Antibacterial additive reducing spread of mould and bacteria
- Centre high-flow shower waste with Chrome flange and Stainless Steel grill as standard
- Available in White, Matt White, Pergamon and Piano Black
- Matki Floors are designed for a flush, flat-to-floor appearance. If the showering area is not fully enclosed, water may escape the edges of the Matki Floor. This should be considered during design and installation in a fully tanked and prepared wet room area

ELIXIR BRASSWARE COLLECTION

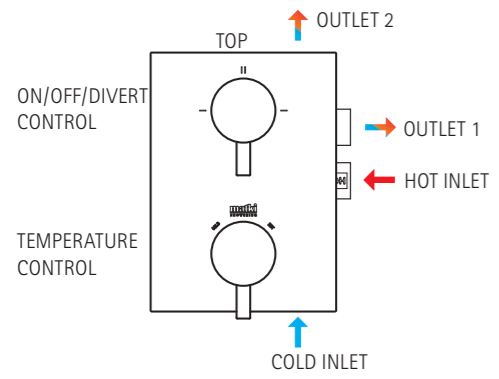

Matki Elixir Brassware is about timeless styling and enduring performance. Two designer ranges, Elixir Blade Design and Elixir Classic, comprise an array of elegant and subtly styled shower, basin and bath fittings.

The Elixir Thermostatic Mixer is the driving force behind both ranges and is responsible for providing a strong and satisfying shower. Designed and manufactured in the United Kingdom, each and every Elixir Thermostatic Mixer is carefully assembled by hand, subjected to exacting quality and pressure tests and beautifully finished.

EX20 Elixir Blade Thermostatic Mixer

An integral diverter in the Elixir Thermostatic Mixer allows supply of mixed water to two independent outlets, which could be shower heads, bath fillers or body jets. The thermostatic control provides accurate temperature regulation and prevents scalding. TMV2 and WRAS approved.

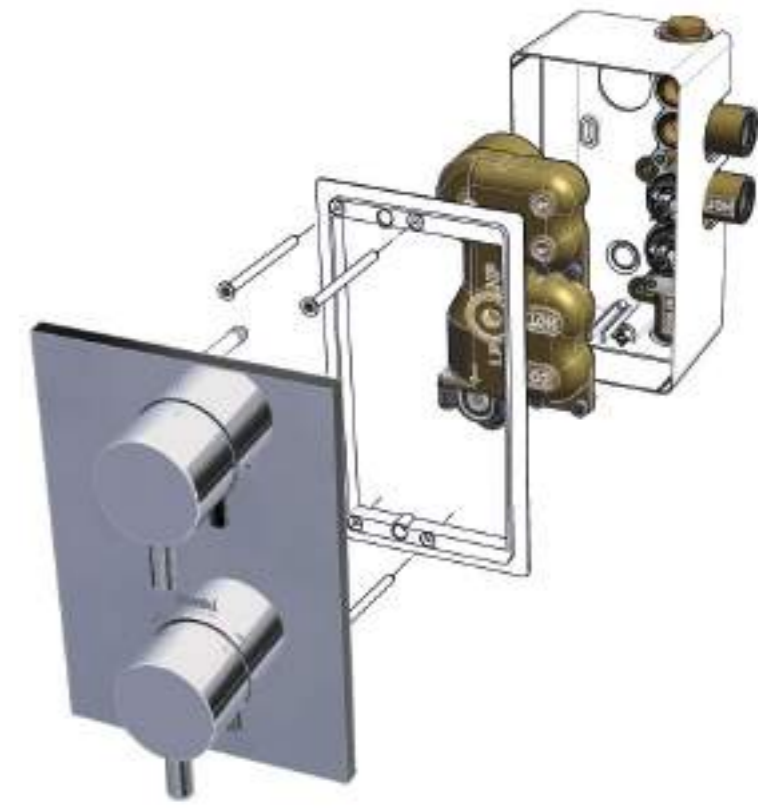

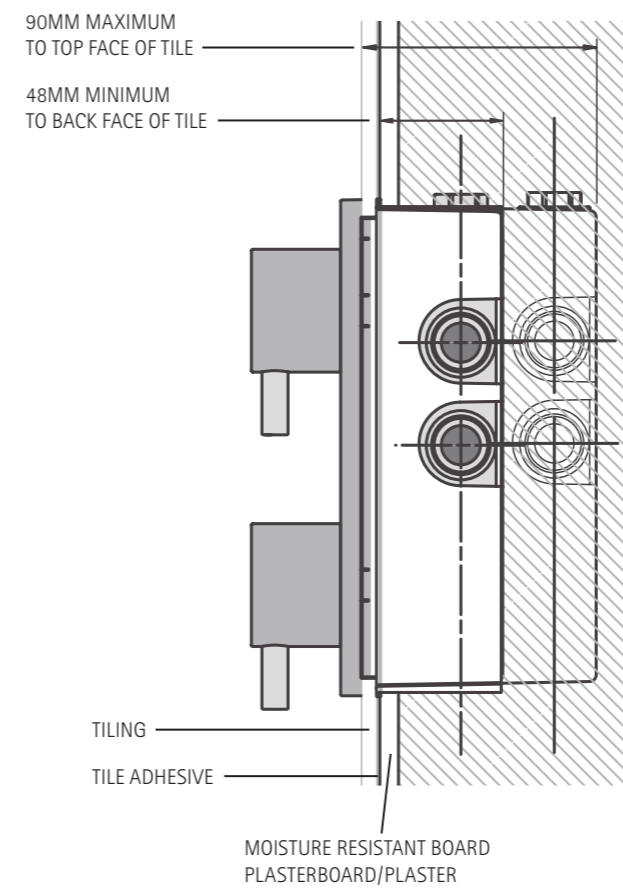

ULTRA SLIM 48MM SHOWER MIXER

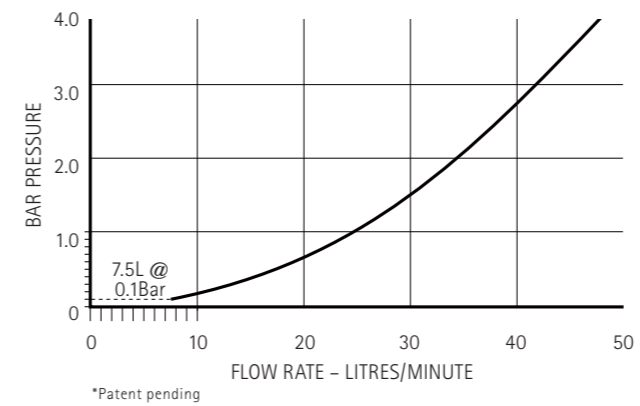

The ultra-slim 48mm profile of the Elixir Thermostatic Mixer makes it easy to accommodate in the wall and is an ideal solution for 50mm cavity walls.

Easy to fit and easy to service, the Elixir Thermostatic Mixer is all contained within a practical manifold casing system. This allows for precise and straightforward fitting of the Mixer and direct access to it without damaging wall tiles when servicing is required.

Minimum and maximum wall box depth

Thermostatic mixer flow rates

The flow rate achieved by the Elixir Thermostatic Mixer delivers satisfying showers over a vast breath of system pressures. Even at very low pressures, the Mixer's efficiency will provide a good flow rate. The Elixir Thermostatic Mixer will run efficiently on gravity systems, down to 0.1 BAR (1m head), pumped systems, unvented high pressure systems (up to 5 BAR) and combination boilers. No modifications are required.

GENERAL INFORMATION

The new Matki Collection and Price Guide contains a selection of our most popular Shower Enclosure, Bath Screen, Shower Tray and Brassware ranges. Other collections can be found online at www.matki.co.uk. The brochure is set out by range with full images at the beginning of each section followed by pages giving details on sizes, dimensions, handing and pricing. We recommend that this information is read carefully and discussed with your nearest Matki Centre before ordering. Items shown in bold should be specified on order along with the model code and size required.

All images, finishes and colours are for representation purposes only and it is strongly recommended that you visit a Matki Centre to view a display of the product you are interested in. You can find your nearest Matki Centre by visiting the Where To Buy section on our website and inputting your postcode.

An index at the back of this brochure is there to provide a quick overview of the sizes available. It is a starting point only and the individual product pages should be referred to for all information on models and sizes available.

INSTALLATION

Full, simple-to-follow instructions are provided with all Matki products to ensure a quick and easy installation every time. Doors and side panels are adjustable between the sizes stated. All dimensions are approximate.

SPECIAL SIZES

Certain models can be produced in special sizes to order, please contact the Customer Helpline. Our EauZone Plus product range is available fully bespoke, see separate brochure.

PRICES

Matki policy is one of continual improvement and we reserve the right to change specification, colour and prices without notice.

MATKI 10 YEAR GUARANTEE

Matki shower surrounds and shower trays are covered by a 10-year guarantee against parts failure, with the initial two-year period also having labour cost cover. Gold, Nickel, Black, White and coloured parts, Teak Decking and Matki Glass Guard are guaranteed for the initial two-year period only. Matki Elixir Thermostatic shower mixers and accessories and Matki Fastflow shower wastes are guaranteed for five years.

The 10-year Matki Guarantee is subject to registration and the issuing of a Guarantee number.

matki
10 YEAR GUARANTEE

MATKI GLASS GUARD

Matki Glass Guard is an invisible glass surface coating which helps to reduce limescale and hard water deposits to make cleaning of the glass so much easier. Matki Shower Doors, Surrounds, and Trays are produced in accordance with BS EN ISO 9001:2000 Quality Assurance Systems.

WATER SOFTENERS AND GLASS GUARD

Certain types of water softeners increase the alkalinity of the water due to a carry-over of chloride during re-generation which can cause aggressive water spots on both untreated and Glass Guarded glass. If using a water softener we recommend a two-cylinder machine with automatic re-generation instead of a timer.

If a single-cylinder water softener with timer is already installed it is recommended that after each shower excess water is removed from the glass with a squeegee or with a micro-fibre cloth.

ADDITIONAL INFORMATION

Certain Matki products are offered at an inclusive price for shower surround and tray. Uniquely in the case of most Walk-In models, the prices quoted include surround, tray, Fastflow shower waste, shower mixer, Easy Clean Deluge shower head, diverter valve and hand shower. A supplement may apply where certain items included in the 'pack prices' are not required.

For any questions and feedback or to request copies of our EauZone Plus and Swadling brochures, please contact our Customer Helpline on helpline@matki.co.uk or 01454 322 888.
